Introduction

By
Karen E. Connell

As a serious student of the Bible and especially end time prophetic events, I am often alerted by the Holy Spirit to specific things as I investigate and research certain events or topics that have an important significance to the end times in which we are living. Therefore, I find it is crucial to listen to those who are "messengers" of what is happening in these very dangerous end times. Often these "messengers" are not Christians—but the Holy Spirit will use their experiences and the information they have because it is important for us as God's people to be aware of how the forces of antichrist are at work behind the scenes.

> **2 Cor 2:11**
> **Lest Satan should get an advantage of us: for we are not** (to be) **ignorant of his devices. KJV**

> **1 Peter 5:8**
> **Be careful! Watch out for attacks from the Devil, your great enemy. He prowls around like a roaring lion, looking for some victim to devour. NLT**

Even more crucial is obeying God—as these things are revealed to us by the Holy Spirit when Satan's strategies are made known to us by these "earthy messengers." We must know the mind of God concerning the evil things that are happening all around us—which are not generally known by the majority of people because they are uninformed—and sadly, many unfortunately choose to remain so because the facts are so evil and can be a very hard reality to face. Those in this position however, are placing themselves and their loved ones in terrible danger. In order to face the reality of these terrible dangers without fear—we must see these demonic evils from God's perspective—otherwise we can easily end up going in a direction that God never intended for us to go. Therein lies the greatest danger.

> **Heb 12:25**
> **See to it that you obey God, the one who is speaking to you. For if the people of Israel did not escape when they refused to listen to Moses, their earthly messenger, how terrible our danger if we reject the One who speaks to us from heaven! NLT**

One of the crucial topics that I have been alerted to is that of **mind control.** The Bible is clear about the fact that Satan has an end time agenda of controlling humanity. Knowing his time is short, he is using many tactics to control people by *controlling their minds*. Our only protection is what the Bible calls the "Helmet of Salvation"— which delivers our mind from Satan's demonic influences and tactics.

1 Thess 5:8-9

But let us who are of the day be sober, putting on the breastplate of faith and love, and a helmet—the hope of salvation (the expectation to be delivered from evil)**… For God did not appoint us to wrath, but to obtain salvation through our Lord Jesus Christ. NKJV**

For years I have been amazed at the number of missing children that are being reported. According to the National Center for Missing and Exploited Children, roughly **800,000 children** are reported missing each year in the United States -- that's roughly 2,000 per day. Other research sources put the figure well over 1 million children each year![i] The kidnapping of children for purposes of prostitution, pornography, high tech weaponry experimental abuse, mind control abuse, child slave labor for underground alien-controlled facilities,[ii] white sex slavery, and the *satanic ritual murder* of untold **thousands of American children** snatched from the streets and playgrounds of America by agents working for the CIA—is the principle reason for the existence of a covert CIA operation called "The Finders."[iii] The Finders is one of the most alarming and despicable covert operations against America's children, according to Theodore L. Gunderson's investigations,[iv] which helped to uncover this, but found it's only one of many covert Gestapolike acts committed against American citizens by government agents under directives issued, not by Congress or the President, but rather by international Satanists collectively known as the Illuminati. They control the Secret or Inner government of the United States as well as every other major government in the world. The "Finders" operation began in the 1960's and continues kidnapping children to this very day.

If you take the time to research the illuminati operations—one by one, the dots get connected. The same names keep popping up and they are linked with the same activities over and over and over again until the pattern becomes so clear and undeniable, the circumstantial evidence becomes so overwhelming and the picture emerges that is so frightening that it is hard to believe that it is even true. The picture that has emerged is that indeed the major institutions of the United States of America, the CIA, the FBI and the many of our governmental and media institutions are involved in child sexual slavery and ritualistic abuse. The same names keep surfacing in relation to the same subjects over and over again. The CIA, child sexual abuse, the Catholic church, George Bush Sr., The secret societies of the Skull and Bones, the Freemasons, The **Knights of Malta** and others and on and on and on.

If you think this sounds like some "looney conspiracy theory," congratulations, that's exactly how they (Satan's Illuminati) programmed you to think. What is presented in this material as well as the evidence presented on the voxfux.com website—is so overwhelming and so indisputable that to ignore it any longer or write it off as too outrageous to be true, would be foolish and cowardly. One of the prophetic statements made by the Prophet Daniel concerning the last days is about the advancement of knowledge—which includes that of technology.

Dan 12:4

But you, O Daniel, shut up the words, and seal the book, even to the time of the end: many shall run to and fro, and knowledge shall be increased. NKJV

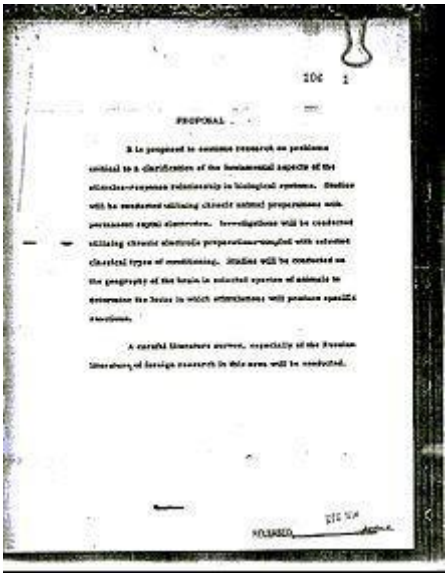
If you do your research you will find that alien (demonic) technical knowledge has been given to our government—especially since the early 1950's.[v] This advancement in technology is all part of Satan's end time agenda, which is being used as described in this report. If you decide to continue reading—and I pray you will—prepare yourself to connect many of the dots of this evil agenda. The information in this report can save your life and that of your family and many people around you. We as Christians must—above all people—not only be able to discern the times and seasons in which we live, but also the disciples of Satan!

Matt 10:24-28

"A disciple is not above his teacher, nor a servant above his master… It is enough for a disciple that he be like his teacher, and a servant like his master…If they call the master of the house Beelzebub (the devil)**, how much more they will call those of his household! …Therefore do not fear them. For there is nothing covered** (up) **that will not be revealed, and hidden that will not be known… "Whatever I tell you in the dark, speak in the light; and what you hear in the ear, preach on the housetops** (publically)… **And do not fear those who kill the body but cannot kill the soul. But rather fear Him who is able to destroy both soul and body in** (through what is from) **hell. NKJV**

Project MKULTRA

(see declassified MKUltra documents)



Project MKUltra[vi] — sometimes referred to as the **CIA's mind control program** — was the code name given to an illegal program of experiments on human subjects, designed and undertaken by the United States Central Intelligence Agency (CIA). Experiments on humans were intended to identify and develop drugs and procedures to be used in interrogations and torture, in order to weaken the individual to force confessions through mind control.

Organized through the Scientific Intelligence Division of the CIA, the project coordinated with the Special Operations Division of the U.S. Army's Chemical Corps. The program began in the early 1950s, was officially sanctioned in 1953, was reduced in scope in 1964, further curtailed in 1967 and officially halted in 1973. The program engaged in many illegal activities; in particular it used unwitting U.S. and Canadian citizens as its test subjects, which led to controversy regarding its legitimacy. MKUltra used numerous methodologies to manipulate people's mental states and alter brain functions, including the surreptitious administration of drugs (especially LSD) and other chemicals, hypnosis, sensory deprivation, isolation, verbal and sexual abuse, as well as various forms of torture.

The scope of Project MKUltra was broad, with research undertaken at 80 institutions, including 44 colleges and universities, as well as hospitals, prisons and pharmaceutical companies. The CIA operated through these institutions using front organizations, although sometimes top officials at these institutions were aware of the CIA's involvement. As the US Supreme Court later noted, MKULTRA was:

> "…concerned with "the research and development of chemical, biological, and radiological materials capable of employment in clandestine operations to control human behavior." The program consisted of some 149 subprojects which the Agency contracted out to various

> universities, research foundations, and similar institutions. At least 80 institutions and 185 private researchers participated. Because the Agency funded MKULTRA indirectly, many of the participating individuals were unaware that they were dealing with the Agency."

Project MKUltra was first brought to public attention in 1975 by the Church Committee of the U.S. Congress, and a Gerald Ford commission to investigate CIA activities within the United States. Investigative efforts were hampered by the fact that CIA Director Richard Helms ordered all MKUltra files destroyed in 1973; the Church Committee and Rockefeller Commission investigations relied on the sworn testimony of direct participants and on the relatively small number of documents that survived Helms' destruction order.

In 1977, a Freedom of Information Act request uncovered a cache of 20,000 documents relating to project MKUltra, which led to Senate hearings later that same year. In July 2001, some surviving information regarding MKUltra was officially declassified.

Conceptual-Philosophical basis of Montauk Mind Control and Operations Connections to Other "MK" Projects

D.C. Hammond on Monarch and MK-ULTRA programming[vii]

Many serious students of mind control know of the lecture below, given by **Dr. D.C. Hammond** on artificially induced Multiple Personality Disorder [viii]--i.e., the deliberate fracturing of a person's personality and consciousness coupled with mind "programming": by means of

- ritualistic psychosexual abuse
- drugs
- EM/RF signals.

According to Dr. Hammond these operations are often carried out by "satanic" cults **directly linked to intelligence/military covert government agencies for the purpose of creating Monarch-type agents**. Included in this report is a portion of some of his comments on this topic. I found it to be one of the most lucid and understandable explanations of the entire system and how (tragically well) it works and has worked, on a truly unbelievable number of people nationwide.

Dr. Hammond has worked closely with a substantial number of victims of government (intelligence)-run mind control operations and has a solid grasp of both the overall extent and scope of the programs and also the impact of these kinds of activities upon the personal lives of those unfortunate enough to have been subjected to them. Following are transcribed portions from Dr. Hammond's lecture:

> "At the end of World War II, before it even ended, **Allen Dulles**[ix] and people from our Intelligence Community were already in Switzerland making contact to get out Nazi scientists. As World War II ends, they not only get out rocket scientists, but they also get out some Nazi doctors who have been doing mind-control research in the camps. They brought them to the United States."

"What they basically do is they will get a child and they will start this, in basic forms, it appears, by about two and a half after the child's already been made dissociative. They'll make him dissociative not only through abuse, like sexual abuse, but also things like putting a mousetrap on their fingers and teaching the parents, "You do not go in until the child stops crying. Only then do you go in and remove it. They start in rudimentary forms at about two and a half and kick into high gear, it appears, around six or six and a half, continue through adolescence with periodic reinforcements in adulthood. Basically in the programming the child will be put typically on a gurney. They will have an IV in one hand or arm. They'll be strapped down, typically naked.

There'll be wires attached to their head to monitor electroencephalograph patterns. They will see a pulsing light, most often described as red, occasionally white or blue. They'll be given, most commonly I believe, Demerol. Sometimes it'll be other drugs as well depending on the kind of programming. They have it, I think, down to a science where they've learned you give so much every twenty-five minutes until the programming is done. They then will describe a pain on one ear, their right ear generally, where it appears a needle has been placed, and they will hear weird, disorienting sounds in that ear while they see photic stimulation to drive the brain into a brainwave pattern with a pulsing light at a certain frequency not unlike the goggles that are now available through Sharper Image and some of those kinds of stores.

Then, after a suitable period when they're in a certain brainwave state, they will begin programming, programming oriented to self-destruction and debasement of the person. In a patient at this point in time about eight years old who has gone through a great deal early programming took place on a military installation. That's not uncommon."

"I've treated and been involved with cases who are part of this original mind control project as well as having their programming on military reservations in many cases. We find a lot of connections with the ***CIA***. This patient now was in a Cult school, a private Cult school where several of these sessions occurred a week. She would go into a room, get all hooked up. They would do all of these sorts of things. When she was in the proper altered state, now they were no longer having to monitor it with electroencephalographs, she also had already had placed on her electrodes, one in the vagina, for example, four on the head. Sometimes they'll be on other parts of the body.

They will then begin and they would say to her, "You are angry with someone in the group." She'd say, "No, I'm not" and they'd violently shock her. They would say the same thing until she complied and didn't make any negative response. Then they would continue. "And because you are angry with someone in the group," or "When you are angry with someone in the group, you will hurt yourself. Do you understand?" She said, "No" and they shocked her. They repeated again, "Do you understand?" "Well, yes, but I don't want to." Shock her again until they get compliance. Then they keep adding to it. "And you will hurt yourself by cutting yourself. Do you understand?" Maybe she'd say yes, but they might say, "We don't believe you" and shock her anyway. "Go back and go over it again." They would continue in this sort of fashion. She said typically it seemed

as though they'd go about thirty minutes, take a break for a smoke or something, come back. They may review what they'd done and stopped or they might review what they'd done and go on to new material. She said the sessions might go half an hour, they might go three hours. She estimated three times a week."

"Programming under the influence of drugs in a certain brainwave state and with these noises in one ear and them speaking in the other ear, usually the left ear, associated with right hemisphere non-dominant brain functioning, and with them talking, therefore, and requiring intense concentration, intense focusing. Because often they'll have to memorize and say certain things back, word-perfect, to avoid punishment, shock, and other kinds of things that are occurring. This is basically how a lot of programming goes on. Some of it'll also use other typical brainwashing kinds of techniques. There will be very standardized types of hypnotic things done at times. There'll be sensory deprivation which we know increases suggestibility in anyone. Total sensory deprivation, suggestibility has significantly increased, from the research. It's not uncommon for them to use a great deal of that, including formal sensory-deprivation chambers before they do certain of these things."

"Now the problem is there are many different layers of alternate personalities with this stuff. What we have up here are innumerable alters...we found out that all of this great work had done nothing but deal with the alters up here and had not touched the mindcontrol programming. In fact it was not only intact, but we found one who was having her therapy monitored every session by her mother, out-of-state, over the telephone, and that she still had intact suggestions that had been given to her to kill her therapist at a certain future time."

"I have the very uncomfortable feeling from some past experience that when you look at this you will find the large proportion of ritual-abuse victims in this country are having their ongoing therapy monitored."

"I remember a woman who came in about twenty-four years old, claimed her father was a Satanist. Her parents divorced when she was six. After that it would only when her father had visitation and he would take her to rituals sometimes up until age fifteen. She said, "I haven't gone to anything since I was fifteen." Her therapist believed this at face value. We sat in my office. We did a two-hour inquiry using hypnosis. We found the programming present. In addition to that we found that every therapy session was debriefed and in fact they had told her to get sick and not come to the appointment with me.

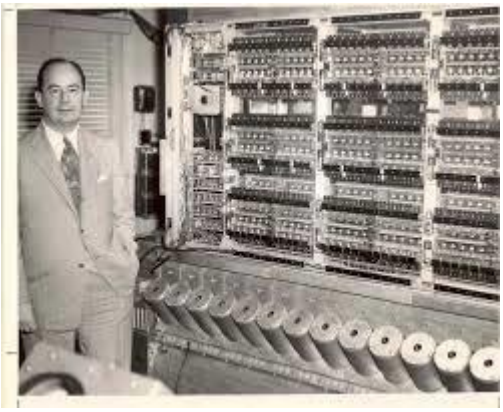
Another one had been told that I was Cult and that if she came I would know that she'd been told not to come and I would punish her. If anything meaningful comes out in a patient who's being monitored like that--from what I've learned thus far, they're tortured with electric shocks--my belief is if they're in that situation you can't do meaningful therapy other than being supportive and caring and letting them know you care a lot and you'll be there to support them. But I wouldn't try to work with any kind of deep material or deprogramming with them because I think it can do nothing but get

them tortured and hurt unless they can get into a safe, secure inpatient unit for an extended period of time to do some of the work required. I have a feeling that when you make inquiries you're going to find that probably greater than fifty percent of these patients, if they're bloodline, meaning mother or dad or both involved, will be monitored on some ongoing basis."

"The way you create *Manchurian Candidates* is you divide the mind. It's part of what the Intelligence Community wanted to look at. If you're going to get an assassin, you're going to get somebody to go do something, you divide the mind. It fascinates me about cases like the assassination of Robert Kennedy, where Bernard Diamond, on examining **Sirhan Sirhan** found that he had total amnesia of the killing of **Robert Kennedy**, but under hypnosis could remember it. But despite suggestions he would be able to consciously remember, **Sirhan** could not remember a thing after he was out of hypnosis. I'd love to examine **Sirhan Sirhan**." –End of lecture quotes—

The History of US Government Mind Control Projects

PROJECT RAINBOW



Project Rainbow was a military project developed during the early Forties as an attempt to make a ship invisible to enemy radar. It can be considered a forerunner to today's experiments with stealth technology and radar-invisible airplanes. To achieve this result, various experiments with electromagnetic fields were carried out. The project culminated with the infamous **"Philadelphia Experiment,"** detailed below. Following that disaster, Project Rainbow was halted, and Dr. John von Neumann, the project's director, was sent to work on the Manhattan Project. Project Rainbow reappeared in the late 1940's. The project now concentrated on the technology behind the electromagnetic bottle created during the Philadelphia Experiment and how it could be Dr. John von Neumann further developed. At the same time, Project Rainbow's former director, Dr. Neumann started research into how and why the human crew of the *Eldridge* had been so horribly affected by the fields created. Finally, in the early 1950's, the two projects were merged, becoming the "Phoenix Project."

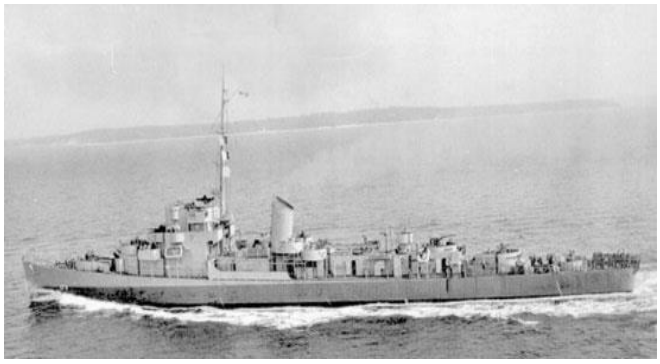
THE PHILADELPHIA EXPERIMENT

Many have heard of the **Philadelphia Experiment**, although the number of people who actually have any idea as to what it was all about are nowhere near as numerous. The Experiment seems to fall into the same realm as the Kennedy Assassination; clouded by rumor and supposition, the exact

truth of either incident will probably never be known. Both events are also plagued by a mass of incorrect or inaccurate information.

THE FACTS AS WE KNOW THEM

On August 12, 1943 (or October 28, 1943 - accounts differ) the US Navy conducted a test of some sort on the **USS Eldridge** (DE [Destroyer Escort] 173) at the Philadelphia Navy Yard. The exact nature of this test is open to speculation. Possible tests include experiments in magnetic invisibility, radar invisibility, optical invisibility or degaussing (rendering the ship immune to magnetic mines). The test (or tests) were conducted, only to produce undesirable results. Afterwards, the project (supposedly called 'Project Rainbow') was canceled.



U.S.S. Eldridge at sea in 1944

As one can easily see, the actual facts are scanty. The Navy denies that any sort of experiment ever took place, and the ship's logs show that the **USS Eldridge** was nowhere near Philadelphia at the time the test was supposed to take place. Of course, logs can be faked, and the government and military has lied before about certain events in the interests of secrecy and national security (witness the Manhattan Project).

THE ALLEGED 'TRUE STORY' OF THE PHILADELPHIA EXPERIMENT

According to certain accounts, the actual results of the experiment involve occurrences far stranger than anyone could possibly imagine. The tests being conducted were an attempt to render a ship invisible to enemy radar. This was to be accomplished by wrapping an electromagnetic 'bottle' around the ship in question, absorbing or deflecting radar waves. The bottle was created by two (or four - accounts differ) massive Tesla coils which acted as electromagnetic generators; one was mounted forward and one was mounted aft. Other accounts state that a series of magnetic generators, called degaussers, were used. When activated, the electromagnetic field would extend out from the ship and divert radar waves around the ship, making **the Eldridge** invisible to radar receivers.

U.S.S. Eldridge at sea April 25th, 1944

When the actual test was put into motion, a number of unexpected and bizarre side effects occurred. As the electromagnetic field increased in strength, it began to extend as far as 100 yards out from the ship in all directions, forming a large sphere. Within this field, the ship became fuzzy and indistinct, and a greenish haze formed around the vessel, obscuring it from view. Eventually, the only visible object was the outline of the hull of the Eldridge where it entered the water. Then, to the amazement of onlookers, the entire ship vanished from view.

It was at this point (the vanishing of the Eldridge) that the true power of the electromagnetic field that had been created was revealed. The Eldridge had not only vanished from the **view** of observers in Philadelphia, it had vanished from Philadelphia **all together!** The ship had been instantly transported several hundred miles - from Philadelphia to Norfolk, Virginia. After a few minutes, the ship once again vanished, to return to Philadelphia.

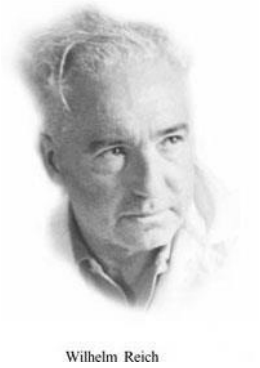
To the Navy, the test had succeeded beyond their wildest dreams. Not only had they rendered a ship invisible to radar, they had made it optically invisible as well, not to mention causing the vessel to

teleport hundreds of miles in a matter of minutes. For the crew, however, the trip had been a nightmare.

The test had managed to render the entire ship 'out of phase' with the surrounding universe, which is why it was able to travel from Philadelphia to Norfolk **instantly**. This phasing effect had drastic effects on the crew members. During the experiment, crew members found they could walk through solid objects, and when the field was shut off, men were found embedded in the bulkheads, decks and railings of the ship. The results were gruesome enough that some men went mad. Afterwards, several crew members simply vanished. A few disappeared into thin air; one, eating dinner with his family, rose, walked through a wall and was never seen again. Some men entered into what was called the 'Freeze'. This is where a man faded from view; unable to move, speak or otherwise affect his surroundings. Initially, the Freeze effect lasted only a few minutes to a few hours. Interestingly enough, invisible crewmen were still visible to other sailors who had survived the original experiment. After a while, the Freeze effect lasted for days or months, and became known as the 'Deep Freeze' (other terms include 'Caught in the Flow', 'Caught in the Push', 'Get Stuck', 'Go Blank', 'Hell Incorporated' or 'Stuck in Molasses'). The Deep Freeze could drive a man insane in very short order, and was only able to be counteracted if other crewmen performed a 'Laying on of Hands' technique to give the victim strength and allow him to recover from his affliction. Unfortunately, two men burst into flames while laying on of hands, burning for 18 days despite all attempts to quench the fire.

Seeing the horrible after effects of the experiment, **the Navy discontinued** all further research into radar and optical invisibility. The surviving crewmen were discharged as mentally unfit for duty and many were placed in insane asylums. However, science was not quite done conducting research on electromagnetic fields or radar and its effects on the human mind. **Project Rainbow** may have been disbanded, but the **Phoenix Project** was just getting started

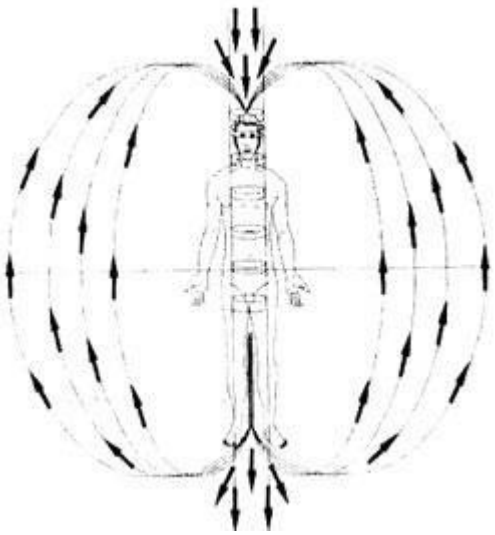
THE PHOENIX PROJECT (PART 1)



Wilhelm Reich

The **Phoenix Project** actually gets its start in the late 40's. It was an attempt to control the weather using information and technologies derived from the work of **Dr. Wilhelm Reich**, an Austrian scientist. **Reich** is said to have been a brilliant man, credited with discovering the highly controversial "**orgone**" energy. Orgone energy is also known as "life" or "orgasmic" energy and is very different from more ordinary electromagnetic energy. Reich supposedly proved the existence of orgone energy in various laboratory experiments, and wrote up his findings in several scientific journals. He claimed that **orgone energy** could cure cancer, a finding that didn't find wide acceptance with his colleagues. **Reich** also stated that orgone energy has related to "cosmic energy" and with the Newtonian concept of the "ether". Needless to say, his theories where widely criticized by his fellow scientists. The "ether" is a Victorian concept that refers to a hypothetical substance that suffused all of space. It served as a medium for light and other forms of radiant energy. This ether was a popular concept and was used by more than one science fiction writer as a way to explain space travel. For example, **E. E. 'Doc' Smith** sprinkles references to the ether all through his Lensmen novels. With further research, **Reich** found that orgone energy was responsible for storms and bad weather. "Dead orgone" or "**DOR**" was the term used to describe the "dead energy" found within violent thunderstorms and hurricanes. This dead

energy was also found within people as well. Active people had plenty of orgone energy, while those who were depressed or sullen had an excess of DOR energy.



After extensive research, **Reich** finally developed a device that would break up concentrations of DOR energy. When set up with a weather balloon, this device would dissipate or deflect thunderstorms. Armed with Reich's storm-buster, the US Government created a device called a "radiosonde"[x]. This device consisted of several sensors and a transmitter that could broadcast across several bands to either build up **orgone energy** or to disrupt DOR energy. With it the government could control the weather.

It should be pointed out that any device capable of transmitting both orgone and DOR energy could be used to affect people as well. It is possible that the **Phoenix Project** was also looking into methods of population control. Supposedly, the Soviet Union had conducted extensive experiments on select populations by broadcasting orgone or DOR energy into the area to try and alter the emotion content of the population.

THE PHOENIX PROJECT (PART 2)

In the early 1950's the Phoenix Project was merged with the remnants of Project Rainbow. The revised Phoenix Project was to delve further into the study of electromagnetic effects and their use in achieving "stealth" technology. The problem the Phoenix Project faced was how to keep this new technology from having such an adverse effect on humans involved in the experiments.

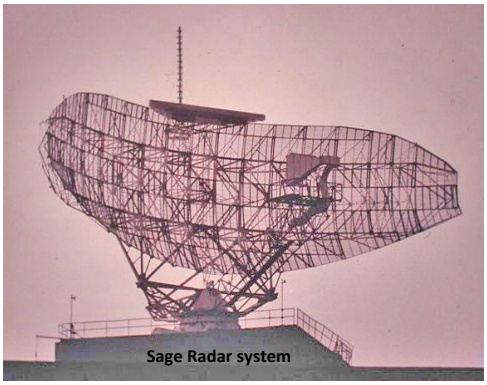
The director of this new phase of the Project was Dr. John von Neumann brought back to oversee operations. He concentrated on the metaphysical side of the experiments in an attempt to determine what had gone wrong. He and his team worked for about ten years on the problem, studying why humans had such a problem with intense electromagnetic fields, especially ones that were capable of producing the sort of effects seen in the Philadelphia Experiment. What they found was that human beings are born with a "time reference point."

This time reference point is linked to the electromagnetic fields native to the Earth and help orient man to the nature of the universe and how it operates. it's a separate entity, distinct from the physical body. When the generators were started on the *Eldridge*, the link to this point was severed, causing the crew of the *Eldridge* massive physical and mental trauma. It was determined the devices used in the original Philadelphia Experiment had created an artificial reality around the *Eldridge*. Thus, the ship had been removed from the "normal" plane of existence, rendering it invisible. The problem was the new reality had no connection to our world, thus disorientating anyone within the field. In order to overcome this problem, a time reference point, linking any potential inhabitant of the electromagnetic bottles created

by the Project Rainbow technology back to their point of origin, had to be developed. This problem was solved by giving the bottle a phony background -- a false "Earth" to link to that would reduce any form of trans-dimensional disorder. A computer was used to recreate the time reference points for specific people and to generate a false electromagnetic background that would give the physical body something to lock on to. If this system failed, the physical and the mental body would separate, resulting in insanity. This phase of the project was completed in 1967. A report was then sent to Congress stating the human mind could be altered by the use of electromagnetics. With development, one could create devices capable of changing the way people think. Congress, fearing the results of such experimentation into mass mind control, refused any further funding for the project and in 1969 ordered the Phoenix Project to disband.

PHOENIX II a.k.a. THE MONTAUK PROJECT

SETTING UP PHOENIX II



Sage Radar system

With the cancellation of the Phoenix Project, the people involved were on the horns of a dilemma. They had spent the better part of almost 20 years developing mind control and stealth technologies that Congress didn't want anyone to use. Undeterred, the scientists went to the one organization they knew would want to engage in further research and development of the devices the Phoenix Project had produced: the military. Naturally, the military was very excited about the idea of a weapons system that would allow them to defeat an enemy without ever firing a shot. They agreed to continue the project, setting up the Phoenix people in a secluded area where proper experimentation could be conducted. The military also agreed to provide the equipment and personnel the project required in order to operate.

One of the primary items on the equipment list given to the military was a Sage Radar system. It had been discovered that radio signals in the 425 to 450 Megahertz range were required to get 'inside' the human consciousness to allow for mind control attempts. The Sage Radar systems ran at these frequencies, and could be converted into a huge radiosonde easily.

Better yet, the Sage Radar system was currently obsolete, thus the scientists would be able to use one with no detriment to national security. Montauk Air Force Base, located within the confines of Fort Hero on Montauk Point, Long Island, New York, was perfect for the needs of the Phoenix Project scientists. It was fairly isolated, currently mothballed and was equipped with a Sage Radar system that could be converted to a radiosonde with ease.

Setting themselves up at the newly reopened Montauk AFB, the scientists named their new project "Phoenix II". Later, the undertaking became known as "the Montauk Project". Financing for the Phoenix II came not from the military, who only supplied men and materials, but from outside sources. This was because the Project itself had been ordered to disband by Congress and was now operating independently.

Montauk AFB, had been closed since 1969, and was no longer receiving any federal funding. So, arises the question of "where did the Project funding come from?" The actual circumstances surrounding the financing of the Phoenix II project are shrouded in a veil of mystery. Project funding seemed to come from private sources, although some evidence points to an alleged Nazi involvement. This involvement came in the form of 10 billion dollars in gold, smuggled out of Europe at the end of World War II.

Apparently, a train carrying the gold was blown up while passing through a tunnel in Allied-occupied France, killing 51 American soldiers. Even General **George Patton,** furious that such an act of sabotage could have occurred, was unable to determine how the train had been hit, or who had made off with the gold. Other evidence states that after the money from the gold was used up, the Krupp family financially backed the project (The **Krupps** owned and operated numerous munitions factories during World War I and World War II. One of their most famous weapons is the 'Paris Gun' which shelled Paris from more than 70 miles away in the First World War.)

THE EXPERIMENTS BEGIN

Montauk Air Force Base was reopened in late 1971 (although it was still listed as a decommissioned base by the military), allowing Phoenix II to get underway. Along with many of the original Phoenix Project scientists, there were members of the military, government workers and civilian personnel brought in from various corporations.

A number of the military servicemen present were Air Force radar technicians who had worked with the Sage Radar system all through the 60's.

They reported that the general mood of the base had changed according to the frequency and pulse duration of the radar system. This seemingly trivial piece of information was considered very important to the Phoenix people, who quickly determined that by changing the rate and width of the radar pulse, they could superficially alter the way people thought and felt.

This discovery prompted a number of experiments to determine what frequencies prompted what responses. A number of people were used in these experiments, although the prime test subject was a man by the name of **Duncan Cameron** (more about him later). These test subjects were placed inside of a small room on the base and the Sage Radar system was focused on that room, bathing it with massive amounts of micro and radio waves.

By altering the frequency and pulse of the radar set, they could make a person laugh, cry, angry or sleepy. As a side effect, it was found the general mood of the whole base would change to follow the signal output of the **Sage Radar.**

Now that it had been proved the Sage Radar could affect emotional states, the next step was to try and control a person's thoughts. Tests were conducted in which the pulse rate and amplitude of the Radar system were changed to match various biological functions of the body. Doing so allowed the scientists to actually control what a person thought and did.

It should be pointed out that bathing a person in massive amounts of **microwave radiation** and intense **radio waves** is not healthy. Many test subjects were literally baked by radio waves causing serious

internal damage to the lungs and brain. With further tests it was determined that this damage was caused by "burning radiation". "Non-burning radiation" was emitted from the opposite side of the Sage Radar reflector. So, the scientists decided to reverse the radar antenna around 180 degrees, broadcasting burning radiation up into the sky and using the non-burning radiation to conduct their tests. Much to their delight, it was discovered that non-burning radiation could alter moods and thoughts as well, and didn't damage the subject of the tests!

In 1973, the experimental process had reached a new step. The scientists wanted to experiment with large groups of people, changing their thoughts and moods en masse and monitoring the results.

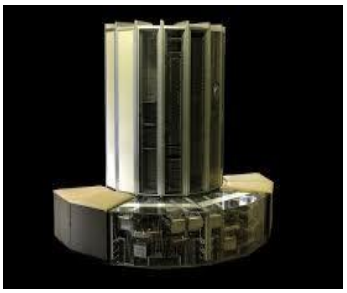
Units of the U.S. Army were invited to the base for R&R, becoming the unwitting targets of moodaltering experiments. Similar experiments were also conducted on people living nearby on Long Island, as well as New Jersey, New York and Connecticut. The aim of these tests was very simple; to build a database of pulse settings and the effects they caused with time, the scientists were able to construct a control panel that allowed them to broadcast preset signals, thus allowing for consistent mind control effects.

Tests allowed the scientists to create a wide variety of effects, depending on the settings fed into the transmitter. Programs were written that would allow the researchers to do more than simply create mood swings. They found that they could increase the crime rate, incite violence and cause mass panic among animals. They even developed programs that would disable vehicles by burning out all of its electrical functions.

At this point, the Montauk people had developed a reliable method for **controlling the thoughts of others.** Now, they wanted to make a device that would allow for precise manipulation of a target. The scope of the Montauk Project was about to expand beyond anyone's wildest dreams.

THE CREATION OF THE MONTAUK CHAIR

According to the writer of the "The Montauk Project," the **ITT World-Wide Communications corporation** (which is owned by the Krupp family - see 'Setting Up Phoenix II' above) constructed a mind-reading device. The device translated the electromagnetic field, or "aura", around the body into a visible format. The primary component of this device was a Cray 1 super-computer[xi] that turned the data into something a person could understand.



Cray 1 super-computer

The technology used to create this is device is a mystery. It is reported that some of the basic technical information was provided by **aliens**.

These aliens were the Sirians, from the star system of **Sirius**. Exactly why these aliens provided the technology is not explained.

Over at the Montauk Project, the research people realized that this mind-reading device could easily be converted into a **mind control device.** They hooked the device up to a series of computers, electrical coils and the Sage Radar system, creating a powerful transmitter that could be used lessen the risks to humans undergoing invisibility and time travel experiments. This new device was called

the "**Montauk Chair**" and came online about **1974**. Linked to a Cray 1 and an IBM 360 computer, the researchers would sit a psychically active person (such as **Duncan Cameron**) in the Montauk Chair and have them try and transmit their thoughts to a similar set up back at the ITT Corporation (located in Southampton, Long Island).

After about a year of experimentation and research (in which many problems relating to transmitter feedback had to be overcome) the researchers at the Montauk Project now had a device capable of projecting a person's thoughts to a remote location. Unfortunately, there was now a new problem to overcome: "time glitches".

The **time glitches** tended to interfere and break up the thought transmissions between Montauk and Southampton. They were caused by psychics projecting a reality that different from 'our' reality. This would cause the flow of time to be disrupted and the link between the two chairs would be cut.

In order to correct these problems dealing with interruptions in the flow of time, the Montauk researchers redesigned and rebuilt the chair, closely following the original prototype and the methods used to build it (this is the device created by the **Sirians**, remember).

This second generation Montauk Chair used **multiple Delta T** or **Delta Time coils** to create the desired energy fields. It was also shielded from any outside interference, thanks to the redesigned coils
that powered the chair and created the electromagnetic fields. After alignments and adjustments the new chair was brought on-line in early **1976**.

What was to follow was to be absolutely amazing...

SPONTANEOUS OBJECT CREATION

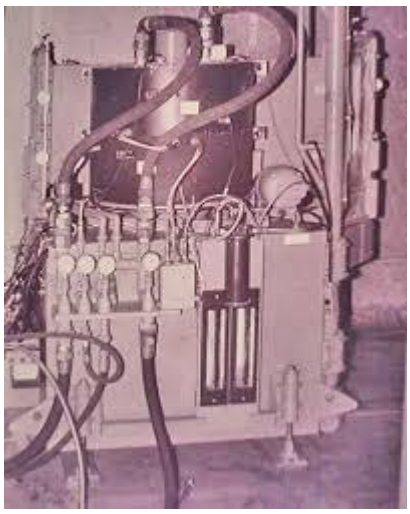
By this point, all of the experiments and tests involving the Montauk Chair used **Duncan Cameron.**

Duncan was a powerful psychic used in many phases of the Montauk experiments. His "true history" (as well as a possible Hero System character sheet) is given below. The main reason why he was used so often in the experiments dealing with the chair was due to some for of 'special training' he had under gone (the books give the **CIA** or the **NSA** as possible candidates) that allowed him to each an 'altered form of consciousness'.

What this means is that his conscious mind would be suppressed and a more primitive mind would be allowed become active. This primitive mind was highly suggestible, very controllable and tended to act by focusing all of its power on a subject, allowing much greater displays of power than if the conscious mind had acted.

After about a year of tests, **the Montauk Chair** was shown to be working flawlessly. Now, instead of transmitting thoughts, the researchers wanted to try something new: creating solid objects. The idea was for Duncan to visualize an object and provided there was sufficient power coming from the transmitter, materialize it somewhere on the base.

This process was not exact, however, as some objects remained intangible and others faded as soon as the transmitter was turned off. But, if given sufficient power, Duncan could create permanent objects. The size and type of object seemed only to be limited by his imagination, and it is said he materialized entire **buildings** during the course of these experiments.



Montauk Chair

Following the success of the object creation experiments, the researchers at Montauk began to step up their tests by looking into manipulating the human mind directly. The first such experiments involved what was called "**The Seeing Eye**". This was where **Duncan** was given a lock of hair (or other object) and concentrated on the person that object had come from. He could then see and hear everything that person could see and hear, no matter where that person was.

After that, the tests were taken one step further. Now, instead of simply looking through the eyes and ears of another, **Duncan** tried to actually influence what the person was thinking and doing. By pushing out with his thoughts, Duncan could take over someone else's mind, making them do what he (Duncan) wanted. People could be virtually 'programmed' to do almost anything. Further experimentation showed that large groups of both people and animals could be affected, making them behave in a variety of bizarre ways.

With time, it was discovered that more than a person's mind could be controlled. Electrical devices could be made to malfunction, short out or otherwise rendered useless. Telekinetic effects were discovered, where Duncan was able to move objects, shatter windows and wreck entire rooms.

Even with all of the amazing discoveries that the Montauk researches had uncovered, the team still wasn't done. As of 1979, the **Montauk Project** was poised to do more than manipulate people's minds, they were on the verge of altering the flow of time itself!

aka PHOENIX III TIME TRAVEL

Experiments with thought projection in early **1979** revealed an interesting side effect. Many times Duncan's thoughts would be projected by the transmitter, but the signal would suddenly vanish. At first this was thought to be a malfunction, until it was noticed that many of the things **Duncan** was

attempting to project didn't appear (or occur) till many hours later (or perhaps, before). Apparently, Duncan was capable of altering the flow of time (or operating outside of it).

Further research showed that the set up being used for the experiments and tests didn't have sufficient power to properly bend and shift time. To achieve full mastery over the flow of time, the researchers installed what is referred to as the "**Orion Delta T** (for time) **antenna**". It was rumored that the antenna was based on designs given to the Project by the **aliens** from the constellation of **Orion** (the exact star system is unknown). As with the Sirians, it is unknown exactly why the Orions gave the Montauk Project the plans, but it is presumed they had some private agenda for doing so.

The Orion Delta T antenna was placed in a **huge underground chamber** excavated beneath Montauk AFB**.** The antenna itself was about 100 to 150 feet tall, and the chamber was nearly 300 feet underground. The **Montauk Chair** was then placed above this antenna and below the transmitter used to broadcast projected signals. This placed the chair in a null field that removed all interference from and of the fields generated by the transmitter and other devices.

After installing the new antenna (which took from 1979 to **1980**) and calibrating **Duncan** to the new equipment, it was found that Duncan had almost total control over the flow of time. He could cause portals to open to almost any time by concentrating on a specific date.

These **portals** looked like large spirals or vortexes. Inside the portal was a circular tunnel with light at the far end. One could look through a portal to see a smaller portal or window on the other end. Walking through the tunnel would place a person in whatever time the tunnel was connected to. The tunnels were not always straight, however, and curved around as one made their way to the exit. Sometimes power outages would cause tunnels to vanish, stranding anyone inside. They would be lost somewhere in the time stream with virtually no way to return.

There were a few problems with the initial time portals however. The portals tended to drift and people sent thought weren't always able to find the portal for the return trip. It took from 1980 to 1981 to calibrate the equipment and train Duncan to keep a portal stable. The also worked on spatial as well as temporal stabilization, trying to create portals in both specific times as well as places.

When the researchers were able to successfully stabilize and lock down the time portals **Duncan** created, the nature of the Montauk Project changed yet again. Almost all of the extraneous personnel were dismissed. The military left, and a new team of people were brought in to run the base. A new technical crew was brought in as well, all that was known about them was that they were the "**Secret Crew**". The project was rechristened "Phoenix III" and from 1981 to 1983 the objective of the project was to **explore time itself.**

In order to explore the worlds beyond the time tunnels, the Montauk researchers kidnapped large numbers of the homeless as guinea pigs. They would spend some time (about a week) getting them ready for the trip and then send them though. If they returned, they were expected to make a full

report of what they saw. Unfortunately many didn't. This was why the project used the homeless, since they knew no one would notice if these sorts of people went missing.

The project also used a large number of children in these experiments. These children were exclusively male, between the ages of 10 and 16, tall, blond, blue eyed and fair-skinned. Most (if not all) fit the idea of the *Aryan stereotype*. It was later discovered that the project was connected with some sort of Neo-Nazi organization and that the children were recruited to serve this group. It is also reported that somewhere between 3000 and 10,000 people were placed between 200 and 300 years into the future. As with the children, the exact purpose of this operation is unknown.

Finally, a lot of time was spent viewing events from both the First and Second World War. Pictures were taken and events were monitored. It is unknown if the Project personnel interfered or tried to alter specific events during these two wars.

SPACE TRAVEL

With the **success** of the time portal projects, the Montauk researchers began to look off-planet for the next phase of Phoenix III.

The idea was to create a portal between Earth and Mars. Specifically between Earth and the Martian Pyramids that lay near the great "Face on Mars" in the **Cydonia region of Mars** (image left). It is said that this region of Mars shows evidence of a large number of artificial structures, including pyramids, the great 'Face', temples, a waterfront and even a city (image right).

It was the desire of the Montauk people to explore these structures and determine who (or what) had made them.

As a side note, the book *The Montauk Project* includes some information that alleges that there is or was a secret space program run by the US and the Soviet Union that established colonies on both the **Moon** and **Mars**. Supposedly, men landed on Mars sometime in 1962. It is interesting that although the book mentions this information, the author backs off from actually claiming any of this is 'real'.

The author does imply, however, that people were living on the surface of Mars during the duration of the time and space portal experiments.

In order to fully explore the **pyramids of Mars,** the project needed to get inside the structures. This was accomplished by having **Duncan** create a time portal inside the pyramid and then move it around

until open passageways were found. At this point 'away teams' could enter the portal and walk from Montauk Point to areas under the Martian surface. Although little is known about what was found within this immense pyramid structure, a few tantalizing hints are offered.

This creature, or '**Beast from the Id**' materialized as a large hairy monster

THE END OF THE MONTAUK PROJECT

Duncan Cameron himself was a member of at least one of the away teams, and described seeing something he calls "The Solar System Defense" which needed to be disabled before any further research could be done. According to the author, portions of the movie *Total Recall* are based on events that occurred within the **Montauk Project**, especially the scenes dealing with the Martian pyramid and the recall chair. Finally, evidence of intelligent life on Mars was found, but the researchers had to create time portals that stretched over 125,000 years into the past to discover it.

As with many other elements of the Montauk Project that were occurring at this time, the exact details are unknown.

The **Montauk Project** finally came to end on August 12, 1983.

On this date, a time portal was opened that connected Montauk Base with the USS Eldridge of 40 years ago, during the original Philadelphia Experiment. While this portal was being opened and maintained, several members of the project, who had become increasingly uncomfortable with the aims and designs of the project heads (and with the effect that warping time and space might have on the world around them) decided to bring the project to a crashing halt.

A code phrase was whispered to **Duncan**, at which point he released a monster from his subconscious. This creature, or '**Beast from the Id**' materialized as a large hairy monster (above image) that smashed its way about the base, destroying and eating everything it could find. Meanwhile, one of the project members began cutting apart cables and conduits in an attempt to sever the power to the base transmitters and shut down the project.

After smashing up and cutting apart enough equipment, the transmitter powered down and the Beast mercifully faded away. *After the disaster of August 12, 1983, the Montauk Project shut down.*

The base was emptied of people and equipment and all extraneous personnel were brainwashed into forgetting everything that had happened there. Almost a year later, in May or June of 1984, a unit of 'Black Berets' (possible an elite unit of Marines) entered the base with orders to shoot anything and

everything that moved. They purged the base for a second team, which removed any equipment deemed to sensitive to abandon.

After that, the underground chambers were sealed off. According to the author, one of the rooms cleared out contained hundreds of human skeletons. Finally, at the end of **1984** cement was poured into many of the elevator shafts and underground areas of Montauk Base, sealing off all of the areas used for the most extreme of the space-time experiments. Afterwards, the gates to Montauk AFB were locked and the base was abandoned for a second and final time.

Eventually, **Fort Hero** (and Montauk Base) was donated to the state of New York as a park.

The New Phoenix Program

By Marshal Thomas

Even though he is "retired" **Col. John B. Alexander** still works today at Los Alamos National Laboratory in a capacity that is not clearly defined, as does NSA General **Michael Aquino**. Both personalities have done extensive study of the application of nonlethal weapons (ELF) to attacking the populations and armed forces of enemy nations. Whether these terrible weapons that were supposed to be turned against our implacable enemies, have instead been turned against our own people, is very difficult to prove, given the nature of the weapons involved.
Thousands of American citizens have been publically claiming for years that they are under attack from directed energy weapons that attack their physical bodies, and their central nervous systems. Hundreds of websites have sprung up on the internet and these distraught and tormented people have banded together in numerous groups seeking redress and relief from their elected representatives. They have brought legal cases to trial in both the United States and in international forums on human rights. Human rights activists have been besieged by them for help, but all such petitions, and court cases have run up against the problem of a lack of physical evidence.

The entire judicial system is built upon the concept of physical evidence and people who are being attacked with invisible bullets are left with none. The few instances of physical evidence within their grasp are easily countered by the government and can be suppressed or confiscated merely by going before a judge and repeating the most abused phrase in the English language. "This is a matter of national security". All physical evidence, paper trails, all crimes, foreign and domestic, are obscured in secrecy by hiding behind the system of classification and public lies.

It must be remembered that the Human Radiation Experiments began in 1943 and became public knowledge only when the government ALLOWED it to be released to the public in 1995, and this was ostensibly to exonerate the guilty and to placate the victims. It is with this in mind that you should look at the extensive circumstantial evidence cited below. The US government has a long history of experimenting on human beings, not just the radiation studies, but many different programs of experimentation on unknowing and unwilling human beings. In every instance these "conspiracies" were able to be carried on more or less in public for decades without serious challenge.

The Tuskegee Syphilis Study was one such well known example of a terminal experiment on a large group of unknowing human test subjects. Hundreds of African American men who had become infected with

Syphilis were allowed to die a slow and terrible death so that the pathology of the disease could be better understood. These men suffered horribly for decades, eventually going blind and then insane. The men also passed their illness on to countless other innocent people unnecessarily. The scientific results were written up and published in the most prestigious medical journals in the country by the most pre-eminent names in medicine. This state of affairs continued from the 1930's until the 1970's before one single protest was lodged by a medical professional. In the end this well-known crime of Tuskegee was also papered over and a few people were given paltry settlements and no one was punished.

MKULTRA mind control experiments began at the end of WWII and then became public in the 1970's, however imperfectly, and went 'black" again because of Senate hearings, but these experiments have continued to this day. The only reason that MKULTRA was ever brought into the light of day was that a dissident group stole government documents and released them to the press, which initially refused to publish them.
The MKULTRA archive was destroyed because of the seriousness of the crimes perpetrated by the intelligence communities. If it became public knowledge that the intelligence agencies had allowed Nazi war criminals to experiment upon American citizens, including children, and then replicated these techniques themselves, the damage to their reputation could never be undone.

The only aspects of CIA criminal activity in general, or MKULTRA in particular, that the intelligence community ever admitted to were the ones that were already public, or details that had very little to do with the current capabilities of mind control weapons and techniques.

Microwave weapons and remote influence of the human central nervous system are the crown jewels of the intelligence community. It should be noted that documents dating from WWI such as the formula for invisible ink are still classified and that no serious secrets have ever been, or ever will be, willingly divulged. What did become public was only the tip of the iceberg. Mind control techniques and related technology work. Human beings can be made vulnerable to manipulation and can be used unknowingly in intelligence operations. The technology that evolved is very powerful, in fact it is the ultimate weapon, and the penalty for revealing these secrets is false imprisonment and assassination.

For any new weapons system it has always, ALWAYS, been necessary to test it on human subjects to refine and perfect the weapon, whether chemical, biological, nuclear, or in this case microwave and radio frequency radiation weapons. Human beings have been used to perfect nuclear, chemical, and biological weapons by both the United States and its enemies. These experiments have historically been carried out both in times of war and in peace time. The only proof of human beings ever being used as experimental subjects to develop microwave "nonlethal" weapons was captured from the Japanese at the end of WWII.

Their civilian Scientists had used prisoners of war in the laboratory. The P.O.W.'s were cooked to death through microwave heating in terminal experiments. To obscure the truth the scientists referred to the test subjects as monkeys in their lab notebooks. The truth only emerged because Japan was a defeated power and their biological, chemical, and microwave weapons programs were confiscated by the US Navy.

To illustrate how it is especially necessary to use human test subjects we will examine one facet of the arsenal of these "nonlethal" weapons. **Cyclotronic resonance** refers to the ability to resonate or "spin" small particles with a given resonance frequency. Military doctrine for nonlethal weapons in this area is as follows.

Initially enemy armies or populations can be exposed to (sprayed with) a very small amount of chemical or biological agent. The quantity of chemical or biological agent used may be so small as to be virtually undetectable. Following exposure the enemy population may be targeted with microwave or radio frequency radiation in the exact resonance frequency of the chemical or biological agent used. The toxic agent will begin to resonate or spin and will react with much greater speed or activity within the bodies of the target population, similar to the behavior of enzymes that make life possible. This greater reactivity may be millions of times greater than normal and would behave as if the person had been given a massive dose of chemical or biological agent…enough in fact to cause death.

Cyclotronic resonance of chemical and biological agents allows entire armies or populations to be destroyed with only minute amounts of the agent in their bodies if they are attacked with "nonlethal" microwave weapons afterwards. It will be impossible to develop and deploy such a weapon without first testing it on human beings. These tests are actually being done on American citizens in their own homes. I have personally met a family of four in Sacramento, California who are being targeted in just such a manner. Their house is bombarded with microwave energy and they are being purposefully exposed to a chemical or biological agent in order to perfect this weapons technology. This is just one aspect of the nonlethal weapons testing that is being done on several thousand people across the country. The case for proving that these crimes against humanity are happening to several thousand American citizens rests on seven facts that are put forth in this book.

First, it is an historical fact that human beings have been used against their will as experimental subjects by the United States government in the past and that these crimes continued for decades without interruption or detection by the general public. Many of these various programs that used human beings as guinea pigs were carried on, as in the case of Tuskegee, virtually in the open. Besides the human radiation experiments on civilians and armed forces personnel, it is an historical fact that the government funded MKULTRA mind control experiments for decades using Nazi war criminals and American scientists in an effort to perfect mind control as the ultimate weapon.

Second, ALL new weapons systems MUST be tested on human subjects in order that they be perfected, especially nonlethal microwave and radio frequency radiation weapons. This is the history of nuclear, chemical, and biological warfare, and all weapons systems that predate them.

Third, the body of unclassified scientific research by American and Russian scientists exists (including patents) in sufficient detail to prove that these weapons do exist. The documented Russian directed energy weapons program included attacks on the US embassy that killed the US ambassador and a USSR program that targeted internal dissidents with anti-personnel microwave weapons, such that they might "give their will over to some superior outside force".

Fourth, there is a history of prior criminal behavior against progressive groups, criminal acts perpetrated by the US intelligence agencies that date back to the 1950's and continue to this day. These criminal operations exemplified by Cointelpro have adopted counterinsurgency warfare techniques that included assassination and forced suicide as a primary tactic against individual American citizens to stop mass movements from forming or to stop progressive groups from successfully advocating for social change in a lawful manner.

Fifth, US military doctrine is highly evolved on the subject of nonlethal weapons. These weapons have been fielded and used in warfare for decades but their use has remained classified. The nonlethal weapons systems that the public is aware of are only those systems that are the most benign in nature and will not create a public backlash. The use of the more sinister "nonlethal" weapons remains classified, though they are alluded to under such terms as soft kill, in numerous papers by military professionals. The military doctrine papers were covered in the first book (Monarch I) and will be touched on briefly here. This existing military doctrine is voluminous and highly evolved, dating back to the 1970's.

Sixth, Col. John B. Alexander has implicated himself in these crimes in his interview in the Washington Post where he states, "Until recently, anything that smacked of [mind control] was extremely dangerous" because Congress would simply take the money away, he said. "There were some abuses that took place," but "I would argue we threw the baby out with the bath water." "It's interesting, that it's coming back," Alexander observed. While Alexander scoffs at the notion that he is somehow part of an elaborate plot to control people's minds, he acknowledges support for learning how to tap into a potential enemy's brain. The dilemma of the war on terrorism, he notes, is that it never ends. So what do you do with enemies, such as those at Guantanamo: keep them there forever? That's impractical. Behavior modification could be an alternative, he says. "Maybe I can fix you, or electronically neuter you, so it's safe to release you into society, so you won't come back and kill me," Alexander says. It's only a matter of time before technology allows that scenario to come true, he continues. "We're now getting to where we can do that." "Where does that fall in the ethics spectrum? That's a really tough question." If Col Alexander had openly admitted this program he could have been prosecuted for divulging state secrets or assassinated as an example to others. His statements that mind control programs are in operation add up to a tacit admission that what he says may happen in the future is actually happening now.

Seventh, there is a population of credible witnesses who are proclaiming loudly that they are under attack and are being used as human experimental subjects against their will in terminal experiments that is experiments that end in the death of the human subject. I have personally met with over 200 of these people and have found them to be credible. The degree of torture and human suffering they are living under is unimaginable to those who have not been attacked in this manner. The authorities and Congressional representatives have remained largely indifferent to their suffering, yet this current state of affairs may not last. In order to conceal crimes and confuse justice it is standard practice for US government mind control programs to use many different names and to change names often. To avoid confusion all the dozens of mind control programs that began about 1945 until the 1960-1970 are referred to collectively as MKULTRA. Typically these programs of many names took place in government and private laboratories and generally had an emphasis on the use of LSD, trauma, and other techniques to break down the human mind in order to control it.

The term **MONARCH** refers to the program(s) that came after MKULTRA. Typically these programs have taken place outside of the laboratory and have an emphasis on the use of microwave and radio frequency radiation to inflict trauma and affect the human central nervous system. The term MONARCH encompasses not only the program of mind control aimed at a few thousand Americans, but the political infiltration and counter-insurgency program waged against constitutional authority by the US intelligence agencies.

It is important to also understand gang stalking and electronic harassment, and look at the population of targeted individuals (TI's) and the detailed examination of a number of their case studies as well as letters

from human rights advocates, TI organizations fighting these war crimes, and letters from the TI's themselves. For more information on these issues go to: https://decryptedmatrix.com/wp-content/uploads/2014/06/Monarch-The-New-Phoenix-Program-Twoby-Marshall-Thomas.pdf

Monarch Hits the Streets

After public scrutiny of the CIA in the 1970's the programs went dark, were moved out of the lab and into government created cults and main stream organizations that functioned as closed systems. These closed systems were run by CIA and military cutouts, people without direct ties to the government so the government could use the strategy of plausible deniability if these programs were ever exposed.

The mass suicide at **Jonestown** of 900 people who were members of The People's Temple cult was an MKULTRA operation that functioned within a cult. Jim Jones, who had connections to the CIA, set up his Utopian experiment on the same land that the CIA had used to train mercenaries to fight in Angola. According to investigators, "The Jonestown experiment was conceived of by Dr. Lawrence Laird Layton, staffed by him, and financed by Layton."

The African-American cult had at its core a Caucasian inner-council, composed of Layton and his family. Layton was a chemist in the Manhattan Project and head of the Army's chemical warfare research division in the 1950's. The People's Temple cult took over the Mendocino State Hospital as part of a government pilot project to evaluate the feasibility of de-institutionalizing mental patients. After a reduction in state funding most of the patients at Mendocino were released into the custody of the Peoples' Temple. Congressman Leo Ryan, who was investigating CIA links to MKULTRA and The People's Temple, was assassinated in his attempt to investigate the MKULTRA cult.

The pathologist in Guyana reported 80-90% of the victim's bodies had fresh needle marks. Other victims had been shot or strangled. In 1981 survivors sued the former head of the CIA for "enhancing the economic and political powers of James Warren Jones" and of conducting "mind control and drug experimentation" on the Temple flock.

The current phase of MKULTRA moved out of the lab and into closed systems that give plausible deniability to the intelligence agencies. When The People's Temple cult was discovered by Congressman Leo Ryan to be a CIA mind control operation, it was a fairly simple operation in an apocalyptic cult to kill or suicide the subjects of human experimentation.

The link between the victims and Dr. Lawrence Laird Layton, who worked in the Manhattan Project and who was the former director of the Army Chemical Corps, and the intelligence community that sponsored the experimentation was successfully covered up. In the nearly forty years of operation since moving out of the lab and into the community this operation has been refined and has achieved new levels of complexity. The original MKULTRA in 1953 that was run by Dr. Sidney Gottlieb focused on LSD, hypnosis, and splitting the personality through trauma, such as rape, at an early age. The mature program is referred to as Monarch, has had its emphasis changed since 1960 to focusing on affecting the central nervous system with microwave and radio frequency radiation instead of relying on LSD.

Monarch has enfolded different distinct operations into one program... specifically, mind control technology, nonlethal weapons development, the Phoenix Program, and Cointelpro operations against domestic dissidents. **Monarch** has remained a study of how to break down the human mind to control it, utilizing the entire knowledge base of psychology and behaviorism to learn how to control personality types across all social and linguistic groups. Since the 1960's Monarch has been the basis of a weapons development program using directed energy "nonlethal" weapons to remotely attack the human central nervous system of internal dissidents in the United States. The Russian are on record as having done the same thing to employees of the US embassy in Moscow and to their own political dissidents. The ability to silently kill dissidents or even to be able to remotely manipulate the emotional states and belief systems of human beings, with or without their knowledge, is the ultimate weapon that makes all other weapon systems obsolete. The Phoenix Program was an assassination campaign targeting civilians in an attempt to deprive armies in the field of their base of support. Cointelpro or counter intelligence program is the counterinsurgency warfare operation directed by the FBI and US intelligence agencies against progressive movements and groups in American society.

MKULTRA Connections to Religions and Other Organizations Systems

THE MORMONS

- From "**Sue Ellen**", a well-known ***Mormon singer***.

One thing which has been cropping up more and more in the info I've been getting is the tremendously extensive use of children in mind control operations and the unbelievable high level of infiltration into the child care and education systems on the part of agencies carrying out these operations.

The following was emailed to me in 1998 by a woman who has lived much of her life immersed in the world of the *Church of the Latter Day Saints*, as well as government phychosexual-abuse mind control programs linked to military bases and kiddie-porn operations.

> "First off, I am one of 13 children. I am also a professional singer. I have three CD's and 9 cassettes that I have produced for ***the Mormon*** (LDS) music market. I am kind of famous in my market and have won what you might call 'grammy' awards. My albums sell all over the world.
>
> "I was raised by Vandenberg Air Force Base in Santa Maria (Santa Barbara County), California. My sisters Dawn and Priscilla have worse stories than mine, but let's just say we've all experienced some crazy times. My mother was a religious fanatic. She was third generation incest. My father was secretive and also religiously 'affected' even though he did not practice what he preached. His mother molested him. We were the 'perfect' large Mormon family. My dad was a music teacher. My Mom produced babies almost every year that I remember growing up. I was the second mom by the time I was six years old and learned how to cook and do laundry. My Dad was apparently into child pornography and 'sold' us to the government.

"When my sister Eve was reportedly gang raped when she was 11, she started running away and was put into a Catholic convent in Los Angeles--(this is really, really strange considering how Catholics and Mormons get along). I am sure she was ***MKULTRA***'d there. Her story is very interesting and is picked up in the military where there was a base she was on that served up a lot of drugs. She says that **Crystal Gayle** and a welldressed man asked her to mule drugs for her 'country'. He spilled a file on my whole family in front of her on the floor. She picked it up and saw every one of us in it! She says we were all sold to the government according to him. She also says that everyone on that base almost is now famous! It was like an entertainment base...training ground for the MK stars. She names a lot of them. She is a multiple personality and a recovering alcoholic and drug abuser. It took me many years to get this all out of her. Now her life makes sense to me.

"Louisa, my other sister had hysterical black out/non breathing spells since the day she was born. I know now that she was a victim of sexual molestation from my dad (her primary caretaker at the time). She remembers it until she was 4 or five. Memories keep coming up for her. She was also molested at age 16, when my dad 'flipped out' and had full penetration sex with her. He ran away to Hawaii and wrote me on an old garbage bag that he didn't remember what he did and that he was sorry. I was a very religious girl at the time and thought the world had come to an end and was just 'waking up' to the possibility of these horrible things happening to people. "Did I tell you that Louisa (one of my sisters that worked for ***the Pentagon***), just told me about another memory about Vandenberg AFB where she remembers being hooked up to this helmet with wires. She got sick when the memory was coming up. She's had so many of them, she knows what to expect now and gets through it all better than she used to.

"My family is a nightmare. Anyway, Louisa ended up working for a man that was third from the top at ***the Pentagon***. She worked as his assistant and decoded top secret government files (all in Disney and Alice in Wonderland, etc. language), and made reservations for his regular trips to Santa Rosa where he would meet his buddies at the 'good ole' boys' fart club there. You've probably heard of Bohemian Grove. She was 'losing' time on occasion and was eventually raped by this man. When she tried to go through even the proceedings to indict him, she was unsuccessful and bullied. She quit the armed services and has had a family of six children. She is just now waking up to what has happened to her and the memories are surfacing. I am worried for what they may have programmed into her when she wakes up!

"Anyway, to my story. As if my family of origin wasn't bad enough. My husband's family is involved, too! My husband's dad was in the Army (a colonel) and Navy and is now retired. He would take the kids to Disneyland every year for ten years while he learned some ridiculous language school for the army (a language he cannot even speak hardly a word of to this day when asked, so I think this was a cover for what he was really doing). He was a member of the ***Mormon Tabernacle Choir*** and became a ***Mormon Bishop***. Sounds great, huh? The only problem is, I found out he molested a niece in the family and had never 'repented' before accepting the 'calling from the Lord' as BISHOP! Red flags started going up all over for me. His family is even worse than mine!

"I could go on. It's too long. "Anyway, that's a start. These are painful memories and I want to see that those bastards that are playing around with people's emotions get what they karmically deserve AS SOON AS POSSIBLE! I want to however stay out of fear and not give into hate. But let me know how I can help you GET THESE GUYS! THERE'S ONLY A FEW OF THEM AND A WHOLE LOT OF US!! "I hope that's enough of an advantage.

"There was a report done by the "*Strengthening the Saints Committee*" where they asked a sort of high ranking church official to do a study and report. He interviewed 60 victims of satanic ritual abuse. These Satanic Ritual Abuse victims pulled the lid off Pandora's Box by all saying pretty much the same thing: "They took me to the church/temple to get baptized. They dunked me. I think they were trying to drown me.

"They asked if I loved Jesus. I said yes. They dunk me again. They ask if Jesus will save me. I say yes, they dunk me again. This goes on and on and Jesus doesn't save me. Then Satan comes and saves me and he's the one who really loves me and now I will do anything he says."

"They have all seen murder. Some have participated and remember it. They all have emerging memories in their 30s and 40s. That is when this stuff comes out. Anyway, a lot of them are under psychiatric care and many were referred by the psychiatric world where split personalities are becoming so common because of these rituals. They are so horrific that the victim simply can't endure unless they run away into another personality that's stronger or whatever. It's the saddest thing in the world. These are sadistic soul murders."

THE PALLOTINE GROUP

Another connection to organized religion surfaced when **Preston Nichols**[xii] was working with Air Force agents in deprogramming a number of "Montauk Boys" at Sag Harbor, as noted in the section of this report on corroborative evidence. ***The Pallotine group***[xiii], by means of various youth related services and facilities, has been tied to the procurement of children for use in the project. **Preston Nichols** called it a monastic order working with the secret government to help train an elite fighting group of children along the lines of Delta Forces. Strangely, the Pallotines, considered to be a "militant" order by the Roman Catholic Church, are said to have extensive interactions and liaisons as well with many other organized religions. The unfortunate children are procured for the Project through various youth related services and facilities operated by The Pallotine group, and those deemed suitable for such "service" to their unconstitutional secret government are funneled through the Pallotine network into the Montauk Project.

Though this may sound somewhat hokey and not particularly significant or relevant in the bigger picture, I can say this: **Preston Nichols** feels that the information he has found out relating to ***the Pallotines*** and many of the world's organized religions is a major aspect of the Phoenix/Montauk Project, which until now has been almost entirely unknown and completely hidden. Due to what he feels is the extreme emotionalism and at times irrational nature of how many relate to religious beliefs in our world, Preston Nichols stated that he is NOT going to publicize the information he has uncovered regarding ***the Pallotine***

organization; because it exposes the deep involvement of many organized religions in the mind manipulations perpetrated against humanity by the covert world government, it is severely damaging to these religions, and because it could lead to an extraordinarily volatile and in fact dangerous situation for him personally.

OTHER LINKS to Montauk

The **Order of the Rosy Cross** as well **the Knights of Malta**, to which **George Bush** belongs, and also the **Skull and Bones Society**, to which both **Bush** and supposed political rival **Bill Clinton** both belong, have been mentioned as other religious or "philosophical" organizations which have been and are linked to the **Montauk Boys** operations, and are tied in fundamental ways to the **New World Order** in general. In addition the various organizations mentioned are linked to **Masonic systems.**

The Knights of Malta

The **Sovereign Military Order of Malta**, (SMOM) also known as the original *Sovereign Military Order of St. John of Jerusalem*, is a closed fraternity of the Roman Catholic Church.
Its initiated members must be Catholic and have served in the military. They participate in secret ceremonies and feudal ritual dress, and embrace a strong class/caste mentality as part of their initiation into *Rosicrucian dogma*. The upper grades are fastidiously aristocratic and must be able to display a family coat-of-arms dating back at least 300 years in unbroken succession from father to son.

The *Sovereign Grand Master* of the order is recognized as a head of state, and his authority is ensured by his secular ranking as a *Prince*, and his ecclesiastical ranking as a *Cardinal*. Under international law this organization has independent Sovereign status, which assures nationalistic loyalty from its members, above and beyond allegiance to their own country - they also have *Permanent Observer status* at the *United Nations*.

The current *Grand Master*, **Andrew Willoughby Bertie**, is descended from Mary Stuart (*Mary Queen of Scots*) which places him firmly in the *Sion/Grail* historical scenario. The order and its members have been proven to be linked with the "*Rat Run*", the post-WWII escape route used by high-ranking *Nazis* and death camp scientists from defeated Germany to the Americas. Sovereign Knight of Malta passports were issued with false identities that allowed escape from prosecution for war crimes.

Perversely, after the war the order's highest decoration, the '*Grand Cross of Merit*', was awarded to Nazi General Reinhard Gehlen, Hitler's Eastern Front intelligence chief, who was highly complicit in the atrocities carried out by *the Nazis* in *Russia* and *Eastern Europe* - mainly the unprecedented slaughter of Jews and civilian Slavs. The brotherhood's Catholic and aristocratic roots made the modern knights fervently anti-communist. The order has been largely responsible for the construction of the *CIA*, and many of its global covert operations.

The founding fathers of the *CIA* William "Wild Bill" Donovan and Allen Dulles were knights, as were many other *CIA* hierarchy including *Ronald Reagan's director* William Casey and *JFK's director* John McCone. According to "*Watergate*" journalist Carl Bernstein, Casey gave Pope John Paul II unprecedented access to *CIA* intelligence including spy satellites and agents. In fact, one could blame the start of the Cold War

upon "Wild Bill" Donovan personally. At the end of the First World War Donovan led a secret mission to *Siberia* to observe the *Russian Revolution*. Due to his reconnaissance an American unit was sent to fight the Russian Bolsheviks who were broadly considered Allies, as they were still fighting the Germans alongside the British and the French in the trenches of Europe.

The American troops could not understand why they were being ordered to burn the villages and kill "these poor and hungry peasants, who've been treated so terribly by their rulers", as one "doughboy" wrote to his wife. It is historically un-American to side with the aristocratic powers of Europe against the common man.

Donovan's motives for fighting the *Bolsheviks* could only have been due to his *Vatican/Knights of Malta* allegiances, as at this time the *Russian Revolution* was no threat to the American Republic. As a consequence in July 1944 Pope Pius XII awarded Donovan the '*Grand Cross of the Order of St. Sylvester*', the oldest and most prestigious of papal knighthoods, and the highest Catholic award ever received by an American. Less than one hundred men have received this award throughout history. The *Knights of Malta*'s key spheres of control are *Africa* and *Latin America*, and include many dictators such as mass murderer General Pinochet in their ranks.

The logo of the Sovereign Order of Saint John of Jerusalem. The double-headed eagle represents dual sovereignty over both East and West, and of Church and the State.

Membership in *Latin America* includes *Masonic lodge* "*P2*" fascists and many surviving *Nazi* players, who are directly responsible for the formation of the modern neo-Nazi movement.

Knight and *Nazi* escapee Otto "Scarface" Skorzeny, who led a commando raid on the *Cathar region* of France in search of occult artifacts including the *Holy Grail*, played a major role in the *Vatican*'s "*Rat Run*".

He was a close friend of Argentinian president and knight Juan Peron, who recent *CIA* documents prove was also involved in the laundering of *Nazi* gold through the *Vatican Bank*. Conveniently for Nazi members who did not escape Europe, William Donovan served as chief aide to the American prosecutor at the post-war Nuremberg trials, after handing over the reigns of the *OSS/CIA* to fellow knight Allen Dulles. As Roman Catholic author **Penny Lernoux** reveals in her *"People of God":*

> "After the war, the *Vatican*, the *OSS*, the *SS*, and various branches of the *Sovereign Military Order of Malta* joined to do battle against the common Soviet enemy - and to help *Nazi*war criminals escape... Baron Luigi Parrilli, an Italian aristocrat and *Knight of Malta/papal chamberlain*, took part in negotiations between *SS* leaders and the *CIA*'s Allen Dulles."

Prior to working for the *OSS* (he headed the OSS station in Switzerland during the war) Allen Dulles and his law partner John Foster had served as business managers and lawyers to John D. Rockefeller's *Standard Oil*. They personally brokered the partnership between Standard Oil and I.G. Farben chemical corporation. *I.G.Farben* not only produced gasoline for the Nazi war machine, it manufactured "*Zyklon*

B", used slave labor before and during the war (including their huge petrochemical factory adjacent to Auschwitz death camp), owned *Bayer Pharmaceuticals* which according to a current lawsuit was directly involved in Dr. Josef Mengele's horrific *Auschwitz* experiments, and was spared from Allied bombings due to its Rockefeller interests.

Leading war-time journalist George Seldes attempted to reveal this "*unholy alliance*" through his newspaper articles, but was rarely published at the time, and efforts were made to kill him. Joseph Heller's satirical novel "*Catch 22*" made light of this insanity with his "we agreed to bomb our own bases in return for the Nazis buying our chocolate covered cotton". As the Cold War intensified, former *Vatican agent* and *knight* **Joseph H. Retinger**, acting on behalf of the Vatican and the Priory of Sion, effectively forged ties with the *European Council of Princes* (the respectable name for the Dragon Sovereignty), the CIA, and Britain's MI6 to create the New World Order think-tank "The Bilderberg Group", of which **Henry Kissinger** is a permanent member.

It's first chairman was Prince Bernhard of the Netherlands, who held that position for the next 22 years, until a financial scandal forced him to resign. His daughter, Shell Oil co-owner Queen Beatrix regularly attends meetings, as do ample other European aristocratic players. The undemocratic "Bilderberg Group" continues to play a major part in international affairs, and remains closed to public scrutiny and participation.

Documents show that New York's Cardinal **Francis Spellman** was directly involved in the 1954 right-wing military coup of Guatemala, which led to the murder of thousands, and of which the CIA has acknowledged complicity.

He has also been linked to neo-Nazi group "P2" and the Mafia by his long involvement with "P2" member Archbishop **Paul Marcinkus** of Chicago, former head of the Vatican Bank, who was under serious suspicion by Italian authorities for the untimely death of Pope John Paul I.

Cardinal Spellman was not only an old friend of CIA creator "Wild Bill" Donovan (who previously had a law firm in New York) but was the actual head of the Knights of Malta in America throughout the 40's, 50's and 60's, and was responsible for vast sums of money raised from its members, who have to pay thousands annually to remain in the order. The *Sovereign Military Order of Malta* (SMOM) is directly allied with international Freemasonry, from where they recruit their new elite brethren. **Hence, the Knights of Malta and the Knights Templar are the Rosicrucian upper-degrees of Freemasonry.**

According to "Knights of Darkness" author **Francois Hervet**:

> "Freemasonry generally purports to be hostile to Catholicism... nevertheless in December of 1969 an exclusive meeting was held in the Rome office of Count Umberto Ortolani, the ambassador of the Knights of Malta to Uruguay, who has been called 'the brains' behind the "P2" Masonic lodge. In addition to Ortolani, the meeting included only Licio Gelli, Roberto Calvi, and Michele Sindona",...all of whom have been implicated in the death of Pope John Paul I and massive bank fraud. Ironically, in recent years a belief in the Catholic faith has not been an essential prerequisite for potential members **who have the right connections**.

Non-aristocratic parties can now be initiated by the "Magistral Grace" of the Grand Master, although not

in Britain, Germany and other European countries with a strong tradition of nobility. This has allowed many This has allowed Americans to join, and an "Order of Merit" is bestowed upon those who have outstandingly served the Knights or their works.
Past Presidents Ronald Reagan and George Bush are such honorary initiates, and Reagan was the toast of an extravagant dinner held by the Order in 1989.

With more than 11,000 knights worldwide, the Grand Master and Sovereign Council remain based in Rome. Their goal of political Feudalism is clearly seen in the actions of Prince Hans Adam II, the Habsburg supported ruling monarch of Liechtenstein, and a prominent Knight of Malta and member of the Vatican's Opus Dei, who in October 1999 was reprimanded by the European Court of Human Rights for claiming he had final constitutional authority over his country's Supreme Court. While recent successful attempts at maneuvering Europe towards accepting a European President have been led by Knight of Malta Gistard d'Estaing, and backed by Britain, France, Germany, Italy & Spain. The Protestant equivalent of the Catholic Knights of Malta, also known as the Order of St. John of Jerusalem (OSJ), has gained greater credibility when the head of the British Empire HM Queen Victoria became their Sovereign Head in 1888. This Order of St. John, whose current Sovereign Head is HM Queen Elizabeth II, similarly use the Cross of Malta insignia as their emblem.

While they too claim that charity and protecting the poor are their main cause, this has been used as a tool of Western Imperialism for the last 1000 years, and began with the first Crusades to occupy Jerusalem. These "*charitable concerns*" are unlikely to take precedence over their secret historical agenda - the fulfillment of the prophecies of *St. John the Divine*, whose *Revelation acts* as a political template for these historically-intoxicated and reactionary-minded organizations.

It is additionally disturbing that the *Protestant Order of St. John* was recently granted non-Governmental membership of the United Nations. Like its Catholic counterpart, this UN position gives the *Protestant Order* greater access to *UN* decision-making and vulnerable developing countries. Undoubtedly, the interests of *the Vatican*, the *British Crown*, and its *Rosicrucian* fraternity, will take precedence over any genuine aid offered to the world's poorest and needy.

Overview of the Knights of Malta

There is a matter vexing the Body of Christ just now which concerns the Christian speaker and author Jerry Boykin who is a decorated hero and a retired USA Lt General of the highest esteem. Here are some facts.

Boykin is an outspoken critic of Islam which got him into trouble when he made such statements whilst in office. Is he outspoken because he loves Christ – or because he loves his country? Or Both? Boykin has been invited to speak at Christian prophecy and other conferences. Boykin is also the Grand Chancellor of a so-called Christian charity called 'The Florida Priory' which likes to call itself 'Knights Hospitallers of the Sovereign Order of Saint John of Jerusalem, Knights of Malta, the **Ecumenical Order'**. It has Christian principals and rules however it is ecumenical so it also welcomes **Roman Catholics**, Orthodox and Anglican members who must adhere to these same rules. Members are people who are perceived to have done something to advance Christianity and/or Christian charity, or somebody who can afford the membership

fee. **Rick Joyner joined in 1996.** Many Christians therefore believe that Boykin should never be invited to speak on a Christian platform and that anybody who does invite him also has **ecumenical tendencies and is on the road to apostasy themselves**. These Christians believe that his senior appointment to this ecumenical charity outweighs all his good work and he should be treated as a persona non grata.

In 1798 the original knights were expelled from Malta with some returning to their homelands where they began their own Orders depending on their personal religion. Others migrated to Russia where Czar Paul I established the Polish Grand Priory for Roman Catholics and the Russian Grand Priory for the Russian and Greek Orthodox. In 1798, Napoleon invaded Malta. The Order of St. John, headed by Grand Master Von Hompesch, surrendered without resistance. Von Hompesch went into exile, and the Knights scattered all over Europe returning to France, Spain, Prussia, Bavaria, Italy, and England where they joined their brother Knights and arranged separate protection in one form or another, establishing their various groups as independently functioning chapters according to their geopolitical location and religious persuasion. That was the beginning of other Branches that exist today.

Loyal and courageous Knights opposed the decision by Von Hompesch. They went back to Russia where they were received by Emperor Paul I who was the Protector. Later, the Knights assembled in Russia, formed a Chapter in St. Petersburg, and elected Paul I as the 70th Grand Master. Pope Pius VI from the Monastery of Cassini, near Florence, bestowed his paternal and apostolic benediction upon Paul I shortly after he accepted the office of Grand Master.

Today, although the Order, like the Christian Church, is split up into many Chapters, members are all bearers of the centuries old tradition, and observe the Code, which was written centuries ago. The Motto of the Order everywhere is:

PRO FIDE, PRO UTILITATE HOMINUM

"FOR THE FAITH AND IN **THE SERVICE OF HUMANITY**" (i.e. serving or doing what is best for humanity is the cloak under which antichrist works)

At the time of the Bolshevik revolution, in 1917, Grand Duke Alexander moved the HQ from St Petersburg, Russia to Florida, USA where it changed its name to the current one – i.e. Knights Hospitallers of the Sovereign Order of Saint John of Jerusalem (OSJ), Knights of Malta, **The Ecumenical Order,** which became the parent company of the **"Florida Priory**". It held its first meeting in New York on 19th January 1908. It then incorporated as 'The Knights of Malta, Inc' January 18th 1911, then changed its name to '**the Sovereign Order of St John of Jerusalem'** in 1953 which was dissolved in 1989.

There has been much to-ing and fro-ing with the names and corporations ever since – suffice to say, The **Florida Priory was formed in 1992** and was incorporated in 2005. **It has no formal connections to the Vatican or the Roman Catholic church per se but exists as a charitable organization**. They also have an Italian base where somebody who claims to be a King of Ghana also links in as a leader… it is all rather strange and sounds like the Nigerian scam in the way it presents itself. However, its underlying objective is the same as **The Oak Initiative**.

An official OSJ statement about itself says: "…we receive no government support and yet over the last three years alone have donated more than $60 million in medicines and medical supplies around the world. Its humanitarian record has been recognized by governments and senior officials in various

countries including Honduras, Ukraine, Serbia, Ghana and Romania. This record is made possible through our very low overhead costs and the absence of official diplomatic relations with other nations, which would necessitate the maintenance of expensive embassies whose benefit to the local needy and poor is highly questionable…" OSJ hopes to also be recognized by the UN.

OSJ vigorously defends and supports Christians in nations where Christianity is under attack at present, such as Egypt, Iraq, Sudan, Nigeria and others. Such support is carried out with medical supplies and through appearances in international media such as Fox and CNN, where OSJ Knights speak out frequently in defense of Christians and of our Judeo-Christian laws and values. In doing so publicly, OSJ is probably unique among the many Orders of St John."

Regarding humanitarian works … research has only revealed work done by individuals/ organizations who are members – I have not been able to ascertain work done by the charity in its own right. Its publicity is also cleverly worded to be sure to align itself to the ancient order and it has thereby been able to attract a number of luminaries including minor European royalty to continue these ancient precedents. It is often appealing to Americans with no aristocracy to be numbered amongst them.

So, on the surface, this seems like a good organization which apparently **does good works** and has not belonged to the Vatican in its current entity for the last two hundred years or so. From a Christian perspective however, somebody who is regenerated in their spirit (born again), who loves the Lord and His Word, **would not want to be called 'ecumenical'** in the sense of the word **that they hold hands with Roman Catholicism which practices a false religion rooted in paganism**. In fact, they would run in the opposite direction from it and they would most certainly not want to be in their leadership. They would surely not wish to be robed, wear various regalia and **take a vow**: *(Matt 5:34, 37)*
*But I say to you, **do not swear** at all (to vow or promise in a solemn manner that is binding)...But let your 'Yes' be 'Yes,' and your 'No,' 'No.' For whatever is more than this is from the evil one. NKJV*

The Knights of Malta says this about itself: "Today, although the Knights, like the Christian Church, are split into many Orders, **our Order is true to the original tradition**[xiv] and operates under the royal protection of Prince Enrique de Borbon of Spain and the late Prince Wasili Alexandrowich Romanov, president of the Romanov Family Association, and son of the last Imperial Grand Master of the Russian Order of St. John (Order of Malta). Along with the other two major Orders of St. John, the Sovereign Military and Hospitaller Order of Rhodes and of Malta (SMOM), and the Most Venerable Order of the Hospital of St. John (VOSJ), our Knights and Dames are all bearers of the centuries-old tradition of caring for the sick and the poor and observing the Code that was written centuries ago. We remain an **Ecumenical Order** and we highly regard all of our members that make up the four main branches of Christianity – Orthodox, Evangelical, **Catholic** (and Anglican), **and Protestant**.

Rick Joyner and the Knights of Malta

http://www.pawcreek.org/end-times/rick-joynerknights-malta

Editor's Note: *Something breathtaking is happening among key Charismatics, like Rick Joyner and Paul Cain. Rick Joyner recently announced that he was knighted by the Knights of Malta. Apparently, Paul Cain had already been knighted or was knighted at the same time. The entire story, as told by Rick Joyner, has come into my possession. Included in this knighting was Ricky Skaggs (country singer), Mahesh Chavda, Bobby Conner, and others. The Knights of Malta is clearly a Catholic order with a military persona. Here is a constitutional statement from the charter:*

"The Order has as its object to promote the Glorification of God by the sanctification of its members, by service to the Faith and to the Holy See (pope of Rome) and helping one's neighbor, in accordance with its secular traditions." (Spiritual Guidelines For All Member Of The Order, Sovereign Military Order Of Malta, Federal Association, (SOMA) U.S.A. website.)

What is amazing is that Rick Joyner tells all about this on a tape and includes in the story how that a key member of this order arranged a meeting between Paul Cain and Saddam Hussein, the President of Iraq. He states that the lead men for Saddam had heard Paul Cain and were convinced that he was a true prophet. If Saddam Hussein and his henchmen are convinced that Paul Cain and Rick Joyner are true prophets then you know who they prophesy to serve.

The Oath – taken by a Knight of Malta. The following vows or oaths are taken at the altar of the applicant's Church, or at the Convent of the Order, with his or her right hand upon the Bible; or in the presence of a Knight or Chaplain of the Sovereign Order of Saint John of Jerusalem, acting as witness.

> **Vows of a Knight or Dame**: Upon the True Faith of a Christian, may God witness that I hereby vow (i.e. a vow being made to God) and dedicate myself as a servant of Christ and the Poor, the first qualification of a True Knight. I promise to be faithful and loyal to Christ (there are many christ's) and **to be guided by the ideals of the Sovereign Order of St John of Jerusalem** (i.e. good works or what is best for humanity): to do everything **in my power** to contribute to its (i.e. the organization's) Glory, Protection, Prosperity, Support and Utility: **to combat everything prejudicial** to its (i.e. the organization's) well-being: never to act contrary to its (the organization's) Dignity, but to conduct myself always as a true Knight (military soldier) of Christ: a good Christian and a person of Honor. Believing that Christ will grant me a special token of his favor, I therefore, in all Humility, Charity, and Respect agree to join with every sincere and Godly Christian of whatever Church, **to bring about by prayer and deed the salvation of the Christian World** by helping to promote a **lasting Christian Unity**. I will adorn my Knighthood with true Charity, the mother and solid foundation of all virtues. I will wear on my person the **Christian Maltese Cross of eight points**, to constantly remind me of my religious vow of always **bearing in my heart the Cross of Jesus Christ**, (this phrase is Catholic terminology that has no basis in Scripture… the cross of Christ is to be preached not born in our heart) adorned with the virtues that attend it. So help me God.

The unusually shaped ***Cross of Malta*** **was the original emblem of the controversial *Knights Templar*, and was adopted as the official insignia of the *Knights of Malta***, when the *Knights Templar* were forced to submit to the authority of *the Vatican*. Occult initiates will discover that just like the inverted pentagram or five-pointed star, **the *Cross of Malta* is similarly a cryptogram for the *Goat of Mendes***, the ***androgynous Templar idol Baphomet***, representing the goat's beard and horns. This is the symbol of ruling matter and spirit by the Will, and the controlled magical direction of sexual energies.

Past Grand Masters of the *Knights of Malta*, including **Manuel de Fonseca**, are known to have been initiates of the *Templar tradition*, and according to the Dragon Order's current *Sovereign Grand Master Prince* **Nicholas de Vere von Drakenberg**, who is a direct descendant of the originator of the Knights Templar Godfroi de Vere de Bouillon, the Templars were, "a Satanic order, whose rituals included infanticide, sodomy and witchcraft".

Investiture of New Knights and Dames of Malta Held

Times of Malta | Nov 25, 2007

Last month, a solemn investiture was held at the International Diplomatic Headquarters of the Knights of Malta Sovereign Order of St John of Jerusalem at Castello dei Baroni, Wardija, under the patronage of the Prince, (SOMA) Grand Master **Baron Nicholas F.S. Papanicolaou** (R foreground), and Duke Adrian Busietta, Grand Master Emeritus.

Officiating were Chevaliers Robert Vella, Grand Prior of Malta, George Mercieca, chaplain of the Grand Priory of Malta, Harry Row, Grand Prior of the UK, and Rev. Pastor Ardell Daniels from Florida.[xv]

The new postulants from several countries included Valeriv Vynogradnvy and Olag Bhakmatyuk from Ukraine; Anatoli Strigo and Tatiana Kalinina from Russia; Robert Juharos from Hungary; Norah Maier from Austria; Paul J.M. Quaedulieg from Holland; Renald Attard from the US; Antonino Cancemi, Sergio M. De Simone, Rosario Iacono and Angelo Tartufoli of Italy; and Alfred Fenech, Anthony Fenech, Hector Cassola, Antoine Bonello, Dominic Galea, Amy Joan Zahra, Ruth Sammut Casingena and Josette Sciberras of Malta. Serving Brother from the UK was Peter Beaumont.

During the ceremony, Chevaliers Simon Grixti, Alberto Serra and Bruno Romani were promoted to Knight Commanders. Knights and dames were welcomed by Mr Busietta and Marie Angelique Caruana at a lavish reception held in the palace's magnificent gardens. Special guests included Russian Ambassador Andrey E. Granavsky, the Grand Prior of Hungary, Chev. Arped de Bonta, the Grand Prior of Austria, Chev. Dr Wil Goodheer, the Grand Prior of Greece Chev. George C. Georgopoulos, the Grand Prior of Florida, Chev. Keith Carson, and the Grand Chancellor of Assisi, Chev. Prof. Georgio Cegnia.

A formal gala dinner was later held at the Casino Maltese, Valletta, where guests were entertained by singer Analyse Psaila and by an excellent choir, led by soprano Ruth Sammut Casingena. Chev. Peter. W. Van Zwet was the master of ceremony. A delegation of knights and dames also visited the Cittadel in Gozo and attended Mass at the cathedral, celebrated by Nikol Cauchi, bishop emeritus

Attempted Denial of Catholic (SMOM) Knights of Malta Involvement with (SOJ) Protestant Knights of Malta

(Following is a tongue in cheek comment from Aftermath News to show the absurdity of the denial that the protestant SOJ Knights of Malta has no connection to the SMOM Catholic order)

The above Knights of Malta, or Sovereign Order of St John of Jerusalem, want you to understand that they are a Protestant order and have absolutely no connection to the Catholic Knights of Malta, or the Sovereign Military Order of Malta (SMOM). They want to be very, very clear on that. Very explicit indeed. Yes, they get very testy about people getting these very similar orders mixed up, though they do admit it is extremely confusing to the uninitiated of course.

Even though they both have intimate ties with the island nation of Malta, share the same name "Knights of Malta" and same historical roots, the same 8-pointed cross, and their Catholic Grandmasters (**Nicholas Papanicolaou** and Andrew Bertie) who are both related through noble peerage to the royal family and Queen of England (who was Queen of Malta 1964 to 1974), there is absolutely no connection between them whatsoever. None. Nada. At all. Understand? And all these rituals, initiations, rankings, regalia, capes, oaths of obedience and labyrinthine, confusing organizational structures of a multitude of similar orders set up and maintained by the ultra-rich aristocratic elite of Europe, which are as yet almost completely unknown to the general public, are purely there for charitable purposes, to serve mankind. Alright? They are not secret societies. They might be societies with secrets, but certainly not secret societies. Be very, very clear about that, so there is nothing to see here and nothing to investigate or to worry about. Now just go about your business, act normally and pretend you didn't see this. Glad we got that straight. (*wink wink*). *–End of article-*

It's interesting according to *Aftermath News*—following the investiture, they all tromped down to the nearest cathedral to take mass with a catholic priest! This Catholicization of this so called ecumenical order is going to keep expanding because it is the desire of the Vatican to dominate the world. Every religion wants to expand, but the Vatican is more ruthless and cunning about it than any other and always has been.

One reason that this particular Order wants to distance itself from SMOM is because of their Nazi war crime past. But in general, they want to hide the fact that this is the way the most powerful people in the world hold their ranks together in a religious-militarist system of total obedience. Charity is both a good front and they believe in a gnostic way, that if they do some good while they do their evil, it will all balance out in the end. We are all just beginning to understand these higher aristocratic secret societies because they have such a tight control over everything that very little leaks out about them. They absolutely hate public exposure and are outraged by it. They take an oath to defend the order and they take it extremely seriously such that I am sure they will stop at nothing to shoot down any serious inquiry. So there is much more to learn—but only as God leads us to this information!

Why then is Nicholas Papanicolaou the Prince Grand Master/Moderator, (Catholic SMOA Grand Master) in attendance at the ecumenical "protestant" Knights of Malta Sovereign Order of St John of Jerusalem if there is no connection between them? Below his seen at the:

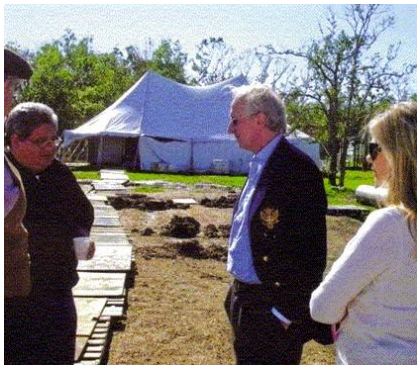
Here He is again!



HSH **Nicholas F.S. Papanicolaou, Prince Grand Master,** and his wife, Lady Victoria (right), at a visit with Archbishop Gregory Holley, Grand Prior of Texas at the Anuhauc, Texas relief site.
So WHY is the CATHOLIC Prince Grand Master Nicholas F.S. Papanicolaou—so involved in this PROTESTANT Knights of Malta Texas organization—if there is no connection between them as they vehemently claim??
ANSWER: Because the protestant organization is a front for Satan's Masonic CATHOLIC Jesuit activity!

Our (Knights of Malta) Texas **youth** were kept busy assisting us with cleanup activities at one of many hurricane work sites. Knowing the Knights of Malta are involved with youth is very concerning to me as they are linked to using the youth as mind control victims and for sexual ritual abuse! [xvi]

Mind Control TIES TO THE MILITARY

Substantial and virtually indisputable evidence of direct links between certain military agencies and a number of mind control operations has already been well documented by other writers and researchers, and some new evidence is provided in this report in the preceding material by the Mormon singer "**Sue Ellen**" regarding child abuse and psychosexual programming at California's Vandenberg Air Force Base in Santa Barbara County. Worthy of special note regarding this topic is the body of information relating to the ***Monarch Project*** operation at San Francisco's ***Presidio Army base,*** in which hundreds of children at the Child Development Center's day care facility on the base were subjected to psychosexual mind control programming under the general direction of **Army Colonel Michael Aquino**.

An intelligence officer with extensive and significant connections to the ***CIA*** and other intelligence agencies, **Aquino** also ran and operated the "**Temple of Set**", a Church of Satan offshoot based in San Francisco. Due to major ties to the ***CIA*** on the part of **Aquino** and other principal defendants, and just as in the McMartin Preschool case in Los Angeles County, no one was ever found guilty in the Presidio case despite substantial hard evidence and the testimony of hundreds of youngsters, parents, and mental health care professionals.

From **Judith**, who provided some very interesting information noted earlier in this report on some unusual occurrences in NYC and Long Island on or around August 12 1983 (a highly significant date in the Philadelphia/Montauk Phoenix saga), comes testimony which corroborates so much other information on the ritualistic abuse of children in programming/mind control operations designed to create "sleeper" agents with thoroughly controlled alternate personalities.

> "Thanks so much for the articles and your recent correspondences. I have not gone over the articles in depth, but the info in your letters has me very intrigued. You certainly have

done your research. "I am most interested in the underground info you may have delved into."

"My father an AF colonel, graduated from West Point, 1944. I lived there as an infant in the early 1950s. Yeah--there WERE tunnels at West Point--most notably under the day care center. Children were assaulted there, my sister and I both. Some very sadistic acts going on there. Vampiresque-cults in that area."

"Also, a great deal of extra frequencies in and around West Point and that whole area. Not a question and they continue today. There are particular buildings at ***West Point*** which have definite frequency problems. Those of us who seem to be much more attuned to the change in frequency levels (my theory is that all military people have been set-up with implants-- possibly mind controlled too--and are thus very sensitive to changes in frequencies in the air in any environment), notice these changes from one city-town-territory to the next.

I am sure that Montauk is filled with frequency problems and is hence, quite magnetic and charged. "Send any other information my way--as you have it. Thanks much..."

Mind Control Blood Lines

Research has shown an extraordinarily high level of involvement on the part of certain families or ***clans - blood lines***, in other words - in a great many ***interdimensional activities*** and related operations along the lines of Philadelphia/Montauk; members of which apparently possess specific psychic and genetic characteristics which facilitate certain of these endeavors. Many of these blood lines are German (Teutonic) and/or Celtic.

The primary psychic used in the "heyday" of the Montauk activities up until 1983 was **Duncan Cameron**, directly related to the truly horrible **Ewen Cameron** who conducted the well-known experimental mind control research (mostly drug-based with some EM/RF aspects also) at Montreal's Allan Memorial Institute (mostly in the 1960s and early 1970s.). **Duncan**'s father was deeply involved with clandestine (and not so clandestine) government agencies which funneled hordes of Nazi officials and scientists into this country; much of this well before the end of WW2.

The Kennedy clan is historically related to the ***Cameron clan*** and **Joseph Kennedy**, in his office as US ambassador to Great Britain, was unabashed in support of **Hitler** even after WW2 began--in direct conflict with the position and wishes of his president **Franklin Roosevelt.**

Masterminds of Philadelphia/Montauk and related operations are thoroughly tied to the Nazi/Aryan agenda and even for lower level, non-esoteric, noncritical activities and experiments will often utilize subjects with "Aryan" genetic characteristics and blood lines: these people are often of German or Celtic descent. The reason these groups have been "selected" (let's not say "chosen") for such a thoroughly

unenviable distinction in connection with such activities is due to what project operators believe are strong psychic, intuitive and mystical/ magical abilities inherent in people of these races.

To whatever extent this may be true, those of Celtic/German descent are most unfortunately being exploited in service of a truly hellish and near-unremittingly evil agenda. It seems more and more evident that cherishers of true human dignity and freedom must all use any powers we do indeed possess; such as positivity of thought and strength of mind, body and spirit, used with compassion and insight, to overturn and counteract the operations of these despoilers of humanity to the greatest extent possible.

Aleister Crowley, a British intelligence agent with strong sympathies for the Nazi movement in addition to (being) a well-known "mystic", was thoroughly in on much of this type of skullduggery earlier in the century, employing his own peculiar mixture of mysticism, Aryan fascism, elements of psychosexual mind (and astral) programming, and cloak-and-dagger weirdness. The **Crowleys** also reputedly has clan connections to the prominent mystical family **Cameron** and **Aleister** himself had strong connections to ***Montauk***.

SCIENTOLOGY / DIANETICS

Another family name which **Peter Moon** has found crops up in this field with notable frequency is Wilson. One member of the Wilson clan who has been very influential in the modern world and who has been consistently in opposition certainly to some of the agendas of the secret (worldwide) government is **L. Ron Hubbard**, founder of ***Scientology***. Hubbard is the name of his adoptive parents but he was born a Wilson. **Peter Moon** was fairly high up in the ***Scientology network*** in the 1970s when Hubbard was quite active personally, and has researched this genetic angle exhaustively. Whatever one's personal views on Scientology, (and by many indications it's been thoroughly subverted by infiltrators after **Hubbard**'s death), they did seem to be dedicated to a relatively enlightened agenda, which sought real psychological clarity and freedom from pathological, kneejerk states of mind imprinted onto our subconscious from past traumatic events, even prior to the present lifetime.

It's an undeniable fact that **Hubbard** and ***Scientology*** were mercilessly and relentlessly hounded and harassed by Federal authorities back when he was alive (and likely since!) way beyond any reasonable degree, and that alone would give one reason to think that he was probably on to something both important and positive. Though not publicized much in the more popular, "outer" teachings of ***Dianetics***, those in **Hubbard**'s inner circles were quite aware that some of his non-published, internal material which ***Hubbard*** allowed access to addressed very specifically ***ill-intentioned extraterrestrials*** or ***extradimensionals*** which capture human souls--usually between lifetimes. These beings implant (false) spiritual, psychological even sociopolitical concepts designed to keep souls trapped and enslaved as it were--by continually and endlessly reincarnating into an external reality or world already heavily controlled and manipulated in so many ways; by those who maintain and broadcast the dominant "frequencies" which make up the (quantum/ electromagnetic) matrix of our perceived and experienced reality via such operations as the ***Montauk project***.

This fits some vast agenda of human spiritual (and physical!) enslavement and corresponding conditions; a longstanding agenda of the secret, cultic "governments" which support, further and foster this ongoing,

mass manipulation of the human race through the indoctrinated and/or enforced political, religious and other social systems.

William Bramley's exceptional book *The Gods Of Eden*, one of the more unusual "***UFO***" books ever written, covers this very angle in tremendous detail and provides ample documentation that the predominant "control group" which attempts to run the show here on Earth, as manifested in the ruling secret brotherhoods/ societies/governments (i.e. ***the Bilderbergers***, ***CFR*** and the like), **is inextricably tied to specific ET groups**.

As per further information on **L. Ron Hubbard**, he did a stint in Naval Intelligence where he assimilated a lot of the information the government had amassed resulting from their research and experiments into drug-based mind manipulation and narcosynthesis--this in the 30s! **Hubbard** took the information and techniques and applied them in a methodology supposedly aimed at "empowering" (in pc 90s-speak) and liberating people on very fundamental psychological levels from ingrained, encoded (often deliberately) "engramatic" behavior and states of mind, usually programmed by traumatic means (intentionally or not). It does not seem as though **Hubbard** wanted to be a cult leader, no matter how the government has tried to portray him, and much of his work comes across as predominantly sane and useful.

Hubbard was vehemently opposed to psychiatry and in particular (interestingly enough!) to the ubiquitous **Dr. Ewen Cameron**, who at different times has been--incredibly--the president of the American Psychiatric Association, the Canadian Psychiatric Association, and the World Psychiatric Association. In light of that, and given **Ewen Cameron**'s truly odious, cruel, horrible, and unpardonable activities, any reasonable person would be more than a little suspicious of the motives and agenda of psychiatry in general, as **Hubbard** most certainly was. Far too often psychiatry is used as a tool of social behavioral control and modification, used to force subjects' minds to conform to certain concepts, beliefs, structures and mores imposed from without; strictures which again nearly always reinforce the wishes and aims of society's prevailing rulers and of the status quo.

Montauk Project author **Peter Moon** was a ***Scientology member*** and in fact occasionally worked directly with ***Hubbard***. Moon seems certain that Hubbard in fact was pretty much on the opposite team, certainly in terms of the known objectives of Phoenix/Montauk, regarding "mind control".

Moon believes **Hubbard** to have been on the whole dedicated to the personal spiritual emancipation of human beings from programming of virtually any kind, and my admittedly skimpy knowledge of ***Scientology/Dianetics*** would tend to back that up. I think the movement has suffered from a personality cult syndrome, and that **Hubbard** may in fact have had a bit of a messiah complex running, but I do find some quite worthwhile elements in the Dianetics material.

Hubbard was of course a participant in the so called "***Babylon Working***", some mystical ceremony enacted along with fellow **Aleister Crowley** adherents **Jack** (JPL/Cal-Tech/Father of modern rocketry) **Parsons** and **Marjorie Wilson Cameron**. This ceremony has been said to have certain esoteric correspondences with the ***Philadelphia Experiment***, and may have (helped) open some dimensional channel enabling negative ***ET***'s easier access to our dimension/reality--a new freeway was put in.

Perhaps to that extent **Hubbard** was some kind of influence on the more mystical aspects of ***Montauk/Phoenix operation***, but I see any evidence he would have supported the specific goals of the project at all. Perhaps it would be best to note however that there are a substantial number of people who dispute that statement and would even dispute that **Hubbard** and his organizations ever had any beneficial, humanitarian or positive goals and agendas at all.

STANFORD, SCIENTOLOGY AND THE CIA

Interestingly, other information about the connection of certain ***Scientology members*** to some of the secret government's "unusual" experimental research activities comes from premiere mind control researcher and author **Alex Constantine**, who has authored a wealth of excellent books and articles on the general topic of government sponsored, administered and operated mind control projects, including certain of those based on electromagnetic/radio frequency transmissions. I quote below a section called "*Psychic Spying at the Stanford Research Institute Or CIA Mind Control?*" from **Constantine**'s *Virtual Government.*

"Concrete evidence that electronic mind control was the true object of study at *Stanford Research Institute* (***SRI***) was exposed by the Washington Post in 1977. When the Navy awarded a contract to the Institute, "the scientific assistant to the Secretary of the Navy, **Dr. Sam Koslov**, received a routine briefing on various research projects, including SRI's. As the briefer flashed his chart onto the screen and began to speak, **Koslov** stormily interrupted, 'What the hell is that about?' Among the glowing words on the projected chart, the section describing SRI's work was labeled, '*ELF and Mind Control*.'
" '***ELF***' stands for '***extremely long frequency***' electromagnetic waves, from the very slow brain frequencies up to about 100 cycles per second.... But the '*Mind Control*' label really upset **Koslov**. He ordered the SRI investigations for the Navy stopped, and canceled another $35,000 in Navy funds slated for more remote viewing work. Contrary to **Koslov**'s attempt to kill the research, the Navy quietly continued to fork out $100,000 for a two-year project directed by a bionics specialist. The "***remote viewing***" team at ***SRI*** was really engaged in projecting words and images directly to the cranium. It was not a humanitarian pastime: the project was military and test subjects are subjected to a lifetime of EM torture plied with the same thorough disregard for human rights as the radiation tests conducted at the height of the Cold War. To be sure, the treatment subjects have received at the hands of their own government would be considered atrocities if practiced in wartime.

Mind control was also used in domestic covert operations designed to further the ***CIA***'s heady ambitions, and during the Vietnam War period SRI was a hive of covert political subterfuge. The ***Symbionese Liberation Army***, like the ***People's Temple***, was a creation of the ***CIA***. The ***SLA*** had at its core a clique of black ex-convicts from Vacaville Prison. **Donald DeFreeze**, otherwise known as "***Cinque***", led the SLA. He was formerly an informant for the LAPD's Criminal Conspiracy Section and the director of Vacaville's ***Black Cultural Association*** (***BCA***), a covert mind control unit with funding from the ***CIA*** channeled through SRI.

The Menlo Park behavior modification specialists experimented with psychoactive drugs administered to members of the BCA. Black prisoners were programmed to murder selected black leaders once on the outside. The ***CIA/SRI*** zombie killer hit list included Oakland school superintendent **Dr. Marcus Foster**, and Panthers **Huey**

Newton and **Bobby Seale**, among others. **DeFreeze** stated that at Vacaville in 1971-72, he was the subject of a ***CIA*** mind control experiment. He described his incarceration on the prison's third floor, where he was corralled by ***CIA*** agents who drugged him and said he would become the leader of a radical movement and kidnap a wealthy person. After his escape from Vacaville (an exit door was left unlocked for him), that's exactly what he did.

"EM mind control machines were championed at ***SRI*** by **Dr. Karl Pribram**, director of the Neuropsychology Research Laboratory: "I certainly could educate a child by putting an electrode in the lateral hypothalamus and then selecting the situations at which I stimulate it. In this was I can grossly change his behavior." Psychology Today touted **Pribram** as "*The Magellan of Brain Science*." He obtained his B.S. and M.D. degrees at the University of Chicago, and at SRI studied how the brain processes and stores sensory imagery. He is credited with discovering that mental imaging bears a close resemblance to hologram projection (the basis for transmitting images to the brains of test subjects under the misnomer "***remote viewing***"?).

"The ***SRI/SAIC psi experiments*** were supervised at Langley by **John McMahon**, second in command under **William Casey**, succeeding **Bobby Ray Inman**, the ***SAIC director***. McMahon has, according to **Philip Agee**, the ***CIA whistle-blowing*** exile, an affinity for "technological exotics for CIA covert actions." He was recruited by the Agency after his graduation from Holy Cross College. He is a former director of the Technical Services Division, deputy director for Operations, and in 1982 **McMahon** was appointed deputy director of Central Intelligence. He left the Agency six years later to take the position of president of the Lockheed Missiles and Space Systems Group. In 1994 he moved on the Draper Laboratories. He is a director of the Defense Enterprise Fund and an adviser to congressional committees.

> "Many of the SRI "empaths" were mustered from **L. Ron Hubbard**'s ***Church of Scientology***, **Harold Puthoff**, the Institute's senior researcher, is a leading Scientologist. Two "remote viewers" from SRI have also held rank in the Church: **Ingo Swann**, a Class VII Operating Thetan, a founder of the Scientology Center in Los Angeles, and the late **Pat Price**. **Puthoff** and **Targ**'s lab assistant was a Scientologist married to a minister of the church. When **Swann** joined ***SRI***, he stated openly that fourteen "Clears" participated in the experiments, "more than I would suspect." At the time he denied ***CIA*** involvement, but now acknowledges, "it was rather common knowledge all along who the sponsor was, although in documents the identity of the Agency was concealed behind the sobriquet of 'an east-coast scientist.' The Agency's interest was quite extensive. A number of agents of the ***CIA*** came themselves ultimately to ***SRI*** to act as subjects in "***remote viewing***" experiments, as did some members of Congress."

STANFORD ALLEGEDLY INVOLVED IN CIA IMPLANT/MIND CONTROL EXPERIMENTATION

In a rare example of a crack in the mass media's wall of silence and cover-up regarding mind control projects in general and electronic mind control in particular, the Sonoma County Independent weekly newspaper, in their July 9 1998 edition, featured a front page article on electronic mind manipulation by the means of ***surgically implanted microtransceivers.***

The article focuses primarily on the case of a Silicon Valley family; in particular, activities involving their son. Writer **J. Douglas Allen-Taylor** details a litany of horrors suffered by the Kats family at the hands of "scientists" and "doctors" working at Stanford University Medical Center facilities in the service of government intelligence agencies; pursuing extensive mind control agendas which utilize physical implants for monitoring, tracking and activating pre-encoded psychological "triggers".

Edward and **Claudia Kats**, Russian immigrants who left when Russia was still part of the Soviet Union, relate how their son Jay was first implanted during a 1982 tonsillectomy operation at Stanford Medical Center. **Edward** attests that he himself was then implanted during an operation at Kaiser Hospital in 1991. They suspect that the initial reason for the interest on the part of the ***CIA*** was the family's suspected but nonexistent connection to the KGB. Subsequent experimentation continued even after the agency realized there was no such connection, as son Jay was inducted into a full-on mind control operation. The article mentions the blond haired, blue-eyed appearance of Jay, and this makes me suspicious that perhaps the real reason for the interest on the part of the ***CIA*** has to due do with genetic/racial factors.

The Katses describe how the implants affected Jay's mood, mental acuity, attitudes towards other people...the works. His school performance deteriorated tremendously and he began to get in trouble with the law. They believe he and Edward are the target of transmissions which are intended to induce them to commit any of a wide range of preprogrammed actions--even crimes. Claudia noted in the article that threats, "bad thoughts" and negative, (self)-destructive concepts and attitudes or "feelings" are also transmitted.

Edward Kats feels that large segments of the population, in particular racial minorities, are being subjected to the same kind of programming; for one reason, to instigate continual social/civil unrest and disturbances. The Katses and their legal representatives have filed formal and well documented complaints and reports with a host of law enforcement, judicial and other governmental agencies on many levels. Predictably, no serious interest has been shown nor any actions taken in response to the charges.

Another Silicon Valley resident mentioned in the article is **David Duval**, who feels he was implanted because of his suspected links to illegal drug trafficking, and is being used in the expectation that he can help track the whereabouts of certain kingpins in illegal drug operations.

Santa Clara University law professor **Alan Scheflin**, author of a very hard-to-find 1978 book called *The Mind Manipulators*, says that clandestine mind control experiments have been going on in the US for many years, and that a good number of these involve implantation with just the kinds of devices referred to in the above allegations.

THE LONG ISLAND RAIL ROAD MASSACRE

In late October of 1997, "Investigative Report" on the Arts & Entertainment Network carried a report on the **Colin Ferguson** murder trial. **Ferguson** had been found guilty of murdering six and wounding another

thirteen during a deadly and inexplicable outburst aboard a Long Island Rail Road commuter train in late 1993.

A brief segment towards the end of the A&E report showed reporters interviewing a "**Raoul Diaz**", outside the courthouse where Ferguson's murder trial was in progress. **Diaz**, who had appeared to testify in Ferguson's behalf, described how he had been kidnapped while driving a taxi in the Bronx, and subsequently placed on a Long Island Rail Road train at Penn Station bound for Hicksville. Someone of Oriental appearance sitting directly adjacent to him on the train displayed a small handheld device and commented that he was employed by the ***CIA***. He said to **Diaz**, "look at that black man over there", then pressed something on the device and **Ferguson** immediately fell unconscious. Appearing visibly ill at ease during the interview, **Diaz** nervously continued with his astonishing account when someone behind him whispered something and the interview was terminated abruptly.

There was no explanation offered by either those conducting the interview at the time or by the producers of the A&E report for the information related by **Diaz**. The intended inference would seem to be that this was just some screwball, though he certainly didn't appear so. **Diaz** came across as coherent, rational and credible, gave no indication of being a wacko.

Diaz was not allowed to testify at the Ferguson trial by **Ferguson** and/or the judge, and to my knowledge, no other witnesses who had some other peculiar and troubling information to impart about that train ride to hell ever got to testify either. Diaz has literally never been heard from again, certainly not in any public way. Strange as well that **Ferguson**, a man with some obvious and substantial mental impairment, was allowed by the judicial system in a blatant procedural anomaly to conduct his own defense--which, though technically permitted under the U.S. Constitution, is almost never granted in practice in a mass murder case such as this, with some good reason.

I first heard this information in 1995 from ***Montauk Project*** book series coauthor **Peter Moon**, about the Oriental man who urged **Diaz** to observe how the small handheld remote control transmitter could make **Ferguson** nod off. Why Diaz would have been kidnapped and placed on the train to so observe the clandestine technology which apparently activated the terrifying and deadly proceedings is anyone's guess. How interesting that this took place on Long Island. Notice we are talking about electromagnetic/radio-frequency mind control here--the undeniable specialty of the ***Montauk Project***.

It could be the killings were an attempt to exacerbate racial tensions in the New York area which had already been rather strained for years. Or maybe only one or several of those killed were actually the real intended victims and the mass shooting was to cover up that fact--as it would look like the target(s) died by chance with the others in an indiscriminate mass shooting.

Perhaps this was a preliminary test-run of technology which could subsequently have been used in the astonishing number of mass murders committed by young teen or preteen boys in the past couple of years in the United States--often at schools.

Mind Control Today

MASS PROGRAMMING--MONTAUK BOYS AND GIRLS

Indications are that tremendous numbers of young people from the streets of America--those millions who for reasons of social disintegration, family conflicts, subliminal entrainment, outright mind manipulation or a combination of these and/or other factors are now filling the streets of American cities and even smaller towns; drifting, homeless and undirected--are being inducted en masse at this period of time and programmed via the technologies perfected at Montauk; computer assisted EM/RF mind control utilizing deliberately caused "multiple personality disorder" syndrome conditions to create thoroughly programmed alternate personalities within targeted subjects. Various combinations of agendas from other projects like ***Monarch*** and ***MK-ULTRA*** as well as the ***Montauk Project*** are being implemented via these operations.

Nearly every major population area in the country has a "Montauk Boys and Girls" project underway at this time. Children programmed through various means, such as having schoolchildren on overnight field trips bunk at "decommissioned" military facilities during which time they are abducted, programmed and returned.Subsequently, triggers and cues embedded in popular mass entertainment (for example, the movie Scream has been cited as inspiring certain of the horrendous, grisly mass murders committed by young adolescents in the U.S. recently) can set these "sleepers" off in predetermined ways.

Parents: more than ever, and in ways you would never have dreamed of, watch out for your children—who they are with, what the influences on them are, where they go, what they are interested in.

This cannot be stressed strongly enough!

TEENS AND PRETEENS WHO (MASS) MURDER

The ongoing string of mass murders committed by young boys often right around the age of puberty (considered to be a very significant age by the ***Montauk Project mind control experiment*** operators), has finally pushed me over the brink; into confronting head-on the likelihood that this and a veritable blood orgy of similar mass murders by youngsters in the past couple of years--mostly but not only in the southeastern U.S.--are the result of some sort of mind control program.

I have had strong suspicions that the Jonesboro, Arkansas massacre in March 1998, a May 1998 graduation dance massacre in Edinboro, Pennsylvania and a subsequent school shooting rampage in Springfield, Oregon--to name only the some of the more recent incidents--represent the tip of the iceberg of some serious and extensive youth-directed mass-conditioning programs currently underway. Regarding the Arkansas tragedy in particular, there were some very troubling aspects to the mass shooting there by two youngsters, aged 11 and 13, who murdered four schoolmates and a teacher while wounding 11 others. The two were in possession of a number of weapons, camouflage clothing, a van stocked with provisions and "survivalist" gear, among other oddities, and there were reports of ties to a satanic cult of some kind currently popular in the southeastern U.S.

Despite a fairly rigorous childhood and teenage-hood in New York City and Long Island, and many years since spent in other major urban areas like L.A. and the Bay Area, I must say I can really recall no precedent for these types of mass slayings perpetrated by teens and preteens, against their peers or elders, often carried out at (usually public) schools.

What in the name of God or any standard or concept of a more evolved, civilized and positive existence and being; what in the name of any decency, reason, compassion, or awareness could possibly be motivating or compelling these young people to manifest such remorseless, shameless and vicious violence in mass murder?

And notice also that this is not happening in New York, L.A., Chicago or other large cities. It's happening mainly in quiet, totally "typical", rural/suburban Middle American communities, among predominantly white, middle class people.

I think programming is on the scene here in a most major style. Subliminals embedded in popular entertainment could even be the triggers for certain preprogrammed behavior and responses ready to be "activated".

In fact, in one of **Alex Constantine**'s articles on the mass ritual sex abuse case involving McMartin Preschool and their outright ***CIA*** connections, he notes that many of the ***CIA***'s child oriented MK operations are "administered" by an Indonesian religious cult: one of the leading members of this cult is also a principal officer in a MAJOR computer games software manufacturing/developing business. He doesn't name names, but I believe it must be either ***Sega Genesis*** or ***Nintendo*** or some corporation rather close to them in terms of market share, from the way he writes it. The name of the religious cult is "***Subud***".

MUSIC AND MIND CONTROL

The use of music as an aid to programming, which forms a significant aspect of the operation experienced firsthand by "**Mr. Coffee**" and described in his account reprinted directly following this section, has been consistently commented on by certain researchers, including **Preston Nichols**. Music provides access to the deeper, subconscious, emotional, nonlinear/logical portions of the psyche. As shown so clearly by "psychedelic" pioneers Tim Leary and Richard Alpert in their government-sponsored LSD research (some which occurred at Montauk AFS)--"set and setting" are crucial in determining the impact and outcome of an LSD trip...and a mind programming operation. Music, as an especially emotional art form, could be utilized very effectively (albeit diabolically!) to assist in amplifying, intensifying and boosting the impact of certain programming operations and experiences. In addition, certain triggers can be activated by the music previously used during programming.

There is information put forward by people like "**Sue Ellen**" above and others indicating that certain music stars are being trained/programmed/groomed/mind controlled, so that in their roles as mass entertainers they are fulfilling a certain function in the general mind controlled new world order of things, and that there are very likely entrainment frequencies and subliminal commands and such

embedded within the sound tracks: certainly in the case of country music the overall tone of the lyrics of many country songs is undeniably "down" and puts forth an ultimately depressing view of things. So many of these songs are about serious emotional distress, failed relationships and similar topics.

Technically and even artistically, the level of musicianship, proficiency, etc. could be quite high and the music could "sound good" but there could be specific signals/frequencies mixed in later, perhaps unbeknownst to the performing artists, which reinforce an element of the lyric content or even communicate some other "message". Even subliminal vocal tracks could be used in this way. Much "***heavy metal***" and rap music overtly exhibit extraordinary levels of negativity, hatred and descriptions of violence in their lyrics, the destructive impact of which could all easily be supplemented with a hefty dose of subliminal images, commands and the like.

My thought is this. One concept which could be getting inserted into country and other pop music by these and various other methods might be this: to abuse (physically, sexually, emotionally) or neglect your children resulting in their lives being under the control the government, or to "turn them over to the government" in any number of other ways, and/or assist the government in gaining access to and control over your children so that the government can (have means and opportunity to) subject them to psychosexually abusive mind control programming, so they can serve certain purposes as agents of the government.

If kids are abused at home, and/or families are in fact being subliminally encouraged in many ways through manipulation of mass media to literally disintegrate, then more and more kids have been and will be ending up either in some sort of government custody or on the streets, where they become fair game for the picking; particularly by organized crime, which as I noted in my first report, is strongly implicated in the procurement of young people by any number of means, for covert government agencies to utilize in their unconscionable, inhuman and unconstitutional operations.

This is the sort of thing that is apparently occurring which at least in part deals with this sort of social engineering--molding and shaping of consciousness and social reality through covert (and evil) manipulation of mass communication such as the press and the news media, television, entertainment. movies, music, and so on. Additionally there are the technologies developed in the ***Montauk Project*** by which our very thoughts and even psychic-level experiences can be interfered with, tweaked, twisted and controlled.
I received an email on the subject of music as utilized in mind control operations, which read in part as follows:

> "With the advances in technology since **Dick Sutphen**'s book *The Battle For Your Mind* first came out, is it still impossible to reduce various frequencies to detect the subliminals when they are psycho-acoustically modified and synthesized so that they are projected in the same chord and frequency as the music?"

Though I'm unfamiliar with the book mentioned above, the topic is certainly intriguing. Here's my response to the question, based upon my admittedly limited familiarity with the nuts and bolts of such operations.

Certain people connected to the ***Montauk Project*** have made repeated references to the way popular entertainment--in particular music--has been and is being utilized as an aid to ***EM/RF mind control programming***, either directed towards a population as a whole or towards smaller groups or individuals.

Preston Nichols has relayed information about some of the more esoteric technologies which utilize music as a medium for dissemination. He referred to what he calls a "quantum" waveform of some kind which is not in either the audio or electromagnetic wave spectrum, and which can transmit extensive amounts of information. This quantum information signal apparently interacts with certain levels of consciousness and awareness: there is no commonly available technology at this time with which the information can be decoded.

One point made by **Nichols** which I, as a musician, found intriguing is that the equipment used in implementing this quantum information wave is highly dependent upon vacuum tubes, as much of the ***Montauk Project*** technology has been in general, although transistors are utilized to some extent. Interesting that many electric musicians, especially guitarists, have adamantly withstood the tidal wave of solid state technology when it comes to instrument amplifiers: as many rock fans know, most electric guitarists, bassists, mixed vocalists and other musicians swear by the vast superiority of the tonal qualities of vacuum tube amps and the ability of such equipment to convey a far greater range of subtle nuances of feeling that transistor amps.

Nichols indicated to me that a substantial amount of popular music during the 1960s, 70s, 80s and of course now has been utilized in service of a covert (of course!) MK agenda using various methods and technologies, and as I've pointed out, similar charges have been made by a number of other people, for example Cathy O'Brien. (**Nichols** worked as a sound recording engineer before going to work at Brookhaven Labs around 1970).

More detailed and technical information was conveyed to me about this entire matter but to be honest the technical part is a bit over my head. I am a bit weak in radio electronics as well as quantum physics, relativity and the unified field theory.

I have been extremely intrigued by the statements made by **Nichols** and others about music being utilized for mind control purposes but remain somewhat unclear about how this is actually accomplished technically. Then of course questions such as those posed by **Mr. Hart** above have crossed my mind as well--that is, how can the subliminal psychoacoustic frequencies, quantum information waves and other embedded data be isolated, deciphered, etc.

MIND CONTROL VICTIMS - PERSONAL TESTIMONY

Certainly one of the most astonishing accounts from a victim/survivor of an intensive mind control programming operation to have ever come my way is this one; emailed to me in late 1997 by an individual who gave me a brief autobiography which described how he had been picked at the age of ten, through the "auspices" of the "***Silva Mind Control Program***", to be an unwitting candidate for the "***MK-ULTRA/Montauk/Ewen Cameron School of Mind Control***" (I think I made that last one up!), which commenced in earnest when he entered college at Rochester NY.

Continually monitored by military agents who had tracked the fellow throughout high school, my contact was given the full complement of Montauk type programming after he entered college, and he subsequently worked for his programmers in an altered state of mind as a slave like agent. Among other horrors, he has had recalls of assassinating targeted subjects.

Here's the real grabber--this fellow has pieced together solid evidence (including recovered computer text files detailing this particular MK method) showing that music was used as a major aspect of a ***CIA*** covert mind-programming technology/system, as a means of substantially strengthening the emotional components of psyche and personality and "enlisting" these aspects for the programmed "cause". This translates into a much more intense "commitment" and connection to the program on the part of mind controlled agents. This same music, perhaps with encoded subliminals as well, is used to activate the previously embedded program in the agent.

An incredible and terrifying story--and, the dates of his major involvement which this fellow recalls coincide exactly with information from **Preston Nichols** regarding a very recent phase of the ***Montauk project***, from 1988-1992.

This man was most recently an operative in the southeastern U.S.; however, that is where his "handler" made some major errors in "handling" my contact, which resulted in substantial and traumatic memory breakthroughs, a breakdown in the mind control program in his case and my contact's disconnection from the operation. (Naturally though, severe harassment and vicious threats have followed him almost continually since).

Preston Nichols has reported that after the departure of the ***Montauk Project***'s mind control crew from the Montauk underground installation roughly the end of 1992, the Project was somewhat at loose ends for a couple of years but the directors then regrouped and ensconced themselves in the Atlanta Georgia area at Robins Air Force Base.

I had occasion to meet this man, whom I will call "**Mr. Coffee**" (a pseudonym), in person during my trip to Long Island in the summer of 1998, which has been recounted above in this report. I found him in some degree to be not what I expected; certain elements of the type of programming he has been subjected to--what might be called a fearless, kamikaze-type warrior with total confidence seem to have leaked through in to his everyday personality. Coffee indicated to me and **Nichols** that he (**Coffee**) may very well still be utilized while in an alternate state of mind for various covert operations by intelligence/military agencies. He attested to feeling bizarrely affected by the energy particularly at ***Camp Hero*** but also in the village of Montauk.

Here is what **Coffee** had to say.

> "Dear Sir:
>
> "I believe that I was/am the subject of some horrific government mind control experiments. I believe that the government "selected" me at a very young age, watched me develop as a young man, and then when the time was right forced me into their "mind control project". My memories of these events were all but nonexistent until recently, when a single event triggered a massive flood of memories which started to all

come back to me. To be honest the whole experience has left me quite shaken as well as quite scared. But mostly confused.

"It all started when I was 10 years old. My mother enrolled me in a mind control course called "***the Silva Mind Control Method***". It is sort of a self-hypnosis course where you learn to dive down into the different levels of your mind. You learn things like how to heal your body with your mind, relaxation techniques, and ways to focus your concentration, and melt spoons with your mind (things like that). You may have heard of it? Anyway, while in the course we learned to go to our "level" (a relaxed state of mind which is the basis of the Silva method). I was extremely good at all of the things we were doing for some reason right from the start. The instructor... was praising me like I was god's next gift to mankind. Telling me that I was the greatest student he has ever seen etc. etc..

"This is where it all starts: during one of the breaks (about six weeks into the course) the instructor asks me to go outside to meet some of his "friends". I go outside with him (and let me tell you, when you are 10 years old and you are in a class room for two hours at a time on your Saturdays and Sundays for eight straight weeks you ABSOLUTELY live for your 15 minute breaks) so needless to say I was not very interested in wasting my "break time" talking to whoever these people were.

We go out the double doors and there are two men waiting to talk to me. THEY BOTH WERE WEARING MILITARY UNIFORMS, one was wearing army green, and the other was in blue (possible Air Force but I can't be sure). The instructor states to the men "this is the kid" and they make some small talk. To be honest I really didn't pay much attention to them (I was looking at the other kids on the playground and wondering why the hell I'm over here and not over there).

But here's the main point; the man in green bends down on one knee and says to me "I hear you have some very special abilities" and I said "I do"? He stands back up and speaks to the instructor some more, then kneels back down and says "It was very nice meeting you, YOU KNOW YOUR GOING TO WORK FOR ME SOME DAY!" As a 10 year old you don't quite grasp what is really going on and I remember laughing and telling him that I didn't quite understand, but it was nice meeting him, and I ran off to the playground. But when I looked back, the three adult were still standing there looking at me, talking about me, and sizing me up. "That was the only time that I actually spoke to those men for years, but what happens next is very odd. Growing up my parents were fighting all the time and they finally got divorced. So what did I do, I used sports as my escape. All I focused on was sports, I would leave the house and go down to the field or into the backyard and practice, and practice, and practice my soccer skills. As a result of this I became extremely good, so good you would not believe me (I just seemed to have a knack for it). I didn't think about doing it, I just did it. It was like it was mind over matter.

"It's funny because honestly I could do things that were so unbelievable on the soccer field. You have to see it to believe it. Here is how; I honestly didn't know any better. I

didn't know that I wasn't supposed to be able to do that, just take the ball down the field by yourself and score EVERY TIME! But in my mind, I could do it, so I did it in real life EVERY TIME. When the opposing teams coaches asked how old I was, when I told them they didn't believe me, after the games were over they would thank me for not running up the score and humiliating "their boys". That how good I was and I do have video tapes of the games to prove it!

"Here is the thing, and I didn't put it together at the time. When you go to any children's sporting event you see all of the parents. They are usually are dressed casually and usually bring a folding chair and sit around and watch the game and gossip with the other parents etc. etc...

I REMEMBER looking around at all the parents. I REMEMBER noticing TWO GUYS IN MILITARY UNIFORMS FREQUENTLY AT MY GAMES. ONE IN GREEN AND ONE IN BLUE. I remember this specially because they stuck out like sore thumbs, and I specifically remember this because I was thinking "I wonder whose fathers are they?" They looked familiar from when I was 10 years old but I just could not put my finger on it.

"I remember seeing the same two guys all through my high school sporting events. Whether it was football, basketball, or track. At the county track meet, during some football games etc. (I can rattle off 5 or 6 different examples).

"Imagine how effective would an assassin or an agent be if in his mind, through hypnosis, he truly had no fear. If in his mind, through hypnosis, he truly believed that he could do superhuman things. Things like jumping off a 3 story roof and land without injury, just as if he was jumping a foot stool. If in his mind, through hypnosis, he truly believes he possesses superhuman strength and can turn his bodes adrenaline glands on and off like a faucet. These are just some of the experiments they conducted on me in an effort to make me the "perfect weapon" or the "perfect killing machine".

"When it came time for me to go to college is when strange things started happening. I was a "Blue chip" athlete, and was recruited heavily as an A-rated football player by most of the major universities. By the end of my senior year in high school the decision as to what school to attend was narrowed down to 2 or 3 schools.

"Mysteriously, in the mail I received a letter which stated I had an appointment to have my physical taken for admittance to attend West Point. I didn't think much about it and the physical date came and went. Another letter arrives stating that I was "Rescheduled" FOR ANOTHER physical ***at West Point***. The physical date also comes and goes. Again, I didn't think too much about it. Then I get a phone call from someone in the military, I don't remember his name but I think he said he was major something or other. Anyway, he asks me why I didn't go to the physicals, and I told him that 1st of all I wasn't the least interested in a military career because my father was in the military and it just wasn't my "bag". Secondly my father graduated from Annapolis and if I went to West Point he would disown me. About a week later I get a THIRD letter. This one mysteriously now states that I now have an appointment to have my physical taken to attend Annapolis.

"The thing is I never spoke to anyone about attending either ***West Point*** or ***Annapolis***. I never spoke to any football coaches, I never discussed it with my parents, I spoke to NO ONE about applying to ANY military academy!

"I did some research about the process in which one must to go through to enter either academy. Let me tell you that the physical is about the third screen they use to weed out unqualified candidates. These screens include either a presidential or a congressional nomination (I could have gotten one due to the fact that my father attended Annapolis but since neither of us even approached the subject it really makes you wonder what the Hell is going on). In addition to this I was extremely underqualified since neither my grades NOR my SAT scores were EVEN CLOSE to the levels expected by the academies by their applicants.

"So how did I get THREE physicals scheduled to enter the military's most distinctive schools WITHOUT EVER APPLYING. Someone wanted me to be in the military very badly, and I still have all the letters "requesting" my presence at the academies for my physicals to prove it!

"By a rather odd set of events I end up going to a college I had never heard of before called the University of Rochester located in UPSTATE NEW YORK right between Buffalo and Syracuse. I attended the University from 1988-1992.

"This is when they took me into their program. I CAN GO THROUGH ANOTHER 15 PAGES EXPLAINING EVERY DETAIL; OF HOW, WHEN AND WHY THEY HYPNOTIZED ME, HOW THEY WOULD TAKE ME IN THE NIGHT, THE LABS, THE EXPERIMENTS, EVERYTHING!

This was a "***Black Book Operation***", these men were not exactly in the military but some sort of a private group, operating from groups within groups. You see I was so far gone and under their control because for some reason mind adhered to their "suggestions" extremely well, like nothing they had ever seen. Anything they told me to do while I was in this state of mind I could do.

"The experiments were all under hypnosis, and were initially designed to test how far the human could be pushed. Things like the limits of human strength. While under hypnosis they would tell me to imagine that my arm was a hydraulic press with unlimited power, they then would place objects in my hand and tell me to crush them and I could. Another favorite was to test the limits of human pain tolerances. For this experiment they would tell me to "turn off my nerves"; "you are in a warm and safe place, you feel nothing and have NO pain". As you can imagine they had many different varieties of this test. They controlled me like I was a robot or something, and I remember standing and walking with "tunnel vision". I had no control of myself at all. I remember having to give demonstrations of my abilities so they could get the funding needed to continue with the project.

"I remember, being in a field, it was dusk, and I demonstrated my abilities and the showed the things I could do. There were 6 to 8 men there one of them dressed in a suit was either a senator or a congressmen and after he saw the things I could do he said "JESUS CHRIST -- If I didn't see that with my own eyes I wouldn't have believed it possible. ANYTHING YOU NEED YOU GOT IT!"

"The main focus quickly turned from doing simple tests on me to developing me as a killing machine, a military weapon, and they trained me as an assassin. I have memories of killing several people and executing several "Missions".

"My code name they called me by was "***The Rhino***" and I believe I killed several people between 1988 and 1992." To be honest with you this letter should have only taken me a day or two to write but I have been working on this for over three weeks now. I am not going into great detail about most of my experiences and the really painful memories. Every time I start thinking about these events my stomach turns and I become nauseous. I must ask you to please forgive me, if any of this is unclear or doesn't flow smoothly I'm sorry but I'm trying my best, but it is very difficult and painful to remember and write all this down.

"I graduate from college and I move down South. In my apartment complex, this guy introduces himself to me at the pool and we become good friends. At this time I have no memories of all these events so I didn't put the following together until later. The guy's name is Aaron and he is down South to get his master's degree in PSYCHOLOGY. Coincidentally he is also from Rochester NY. He becomes my best friend and about a year goes by. When we would go out drinking or be at parties Aaron would brag about being able to hypnotize people without them even knowing it and how he could just "fuck" with peoples' minds. I never thought much about it because he was my best friend. I get my first job with a major corporation. Three hundred and sixty resumes for 1 spot and I got the job. So naturally I was very excited and told all my friends. The job involved traveling all around the Southeast every week (being gone Tuesday through Friday, on the road, every week).

The job didn't start until late August and it was early July so I had some time on my hands. About two weeks after I told Aaron that I had gotten the job he calls me and asks me to come over (as he was my best friend I would go over to his place all the time so I thought absolutely nothing about it). I get to his apartment and we bullshit for about an hour, and he tells me out of the blue that "some people are concerned about your new job" and I said "what the fuck are you talking about" and he said "the fact that we won't know where you are during the week"; and I was just utterly confused and extremely pissed off (I still had no memory of any of the events mentioned earlier) and I said "What the hell are you talking about? Who is concerned? What business is it of theirs anyway? Who? I don't understand?" He let it go. What happened next he did not let go.

"I had all this time on my hands and I was very nervous because I had to go to Buffalo for three weeks of training. I was 24 years old and this was my first "real job" with a company car, expense account and everything. Ever since I was very young I stuttered

severely when I spoke. The thing is I knew it was all in my mind, because when I was alone I could speak very fluently, but when I had to speak to anyone, read aloud or, heaven forbid, speak to a group of people my entire throat would just "lock up" and I could not speak word one.

This was a serious problem for me and needless to say I was tormented as a child. But anyway I decided that this was my first real job and if I wanted to get anywhere in life that I will not let this stop me and it must be fixed and now is the time. I had never been to a hypnotherapist before but for some reason I really believed in the power of hypnotism, and I really thought that this along with my Silva mind control could really help me. So I open the yellow pages and pick out a hypnotherapist. In the ad the hypnotherapist claimed to be able to cure many different ailments within a few sessions, stuttering was one of them so I called and made an appointment.

"I proceed to go into the appointment talk to the Doctor and explain how I think my problem is all in my mind. He states that my conclusions are "very interesting", and he puts me under. When I opened my eyes the doctor's face was white as a ghost and he is sweating bullets, there are now two assistants in the room and they have the same horrific look on their faces. The doctor in a trembling voice asks me "DID YOU KNOW YOU HAVE SOME KIND OF A GOVERNMENT MEMORY CAP IN YOUR MIND"? I said "no, what are you talking about?" He is still sweating profusely, and I ask him what was going on. He would not discuss it but he said wanted to see me tomorrow.

I go to pay for the session in the lobby and I ask the assistant "what happened in there?" At first she would not tell me but I finally got it out of her. She said that I absolutely FREAKED OUT and I was absolutely screaming uncontrollably. She also stated that in her 15 years with this doctor she had never seen anything like it. She said the doctor tried for 15 minutes to put the cap back on and I would not let him, they had to get three other people to hold me down and finally he got control of the situation again. This is on a Tuesday, the doctor wanted to see me the next day but he was booked through Friday, the assistant made room for me to see him on Thursday.

"I leave very confused, still having no clear memories of any of the government experiments. The thing is I go home and what do I do, I go right over to my best friend's apartment (Aaron) and tell him the whole story about the hypnotherapist and the memory cap. He starts to FREAK OUT, you went to a hypnotherapist WHEN? And let me tell you he was PISSED! I remember being very confused because I didn't still didn't make the connection.

I remember going into his apartment, telling him what happened, he gets very angry, but after that there was "lost time." It was between 3:00 and 4:00 o'clock in the

afternoon when I went over there. I remember this because there were soap operas on the television when I was initially telling him my story; when I left Jeopardy was on and it was becoming dusk. It was about 7:30 on the evening. I leave his apartment and go home, I found myself sort of wondering what happened? At home I empty my pockets on the table (change, keys etc...) and I have the receipt from the hypnotherapist. "Oh yea" I say I'm supposed to see him on Thursday, but I couldn't remember anything else.

"I go back Thursday AND THE DOCTOR IS NO LONGER THERE! I MEAN HIS NAME IS SCRATCHED OFF THE DOOR HE IS GONE, VANISHED, I MEAN IT WAS LIKE HE HAD NEVER BEEN THERE. There were four or five doctors sharing the same office and there was simply a space where his name had been. I go in and ask the receptionist where doctor so and so is, and as hard as I try I just cannot remember his name, but I can find my way back to where his office was. I ASK THE RECEPTIONIST WHAT IS GOING ON AND SHE TELLS ME TO PLEASE LEAVE AND DO NOT COME BACK. I ask about the doctor, she closes the receptionists window turns her back to me and walks away.

"I go home, even more confused, Aaron calls me that night to come over, I go, again not thinking anything about it. This is where all hell breaks loose. I go to his apartment and we are sitting down talking as usual. From the back bedroom six or seven men come out! The same two military officers I had seen all along from my childhood and at the University of Rochester (one in green and one in blue). The other men were dressed in black. The instant I saw these men I began to remember, my instinct tells me to run but I was taken totally by surprise. The men in black leap over the couch, grab and hold me. They pinned me against the back of the couch, I had no leverage to plant my feet and try get up. They start to laugh and say things like "this guy isn't so tough" and "that was easy".

"I remember looking at Aaron with a look of betrayal: he could not look at me. The military officer in green says "do you have any idea how much trouble you've been, we should have killed you a long time ago"; he asks Aaron "is he going to remember any of this?" Aaron answers no. He proceeds to punch me in the face. I am struggling to get up but I just could not move, Aaron then takes over.

"Aaron then says the "magic word" and instantly I cannot move, he tells me how relaxed I feel how I feel warm and safe I feel, how I am in a "happy place".

"This is where things start getting a little crazy. What he did to me, I remember, he somehow locked me away in my own mind creating multiple personalities. I remember fighting him for control in my mind. He said that I will do what I tell you to do. He said the walls are closing in and you cannot fight it, in my mind I of course pictured the walls closing in. On his instruction the walls closed in until I was inside a "vacuum sealed steel coffin", I could not fight it and I could not move. He then said you are being sent to a place in your mind where you will never be found, at this point I start screaming "no no no". After he sent me to a place where "no one will ever find you", he instructed that "a steel plate the size of ten football fields and 10 feet thick is crashing down upon you" and he said "here it comes, and there is no escape". I remember screaming again as he

says "boooom". Here comes another one, "boooom", and he proceeded to do this five or six more times. I am screaming during all of this.

"The hypnotherapist had pulled me out of it; two days later the hypnotherapist has disappeared and Aaron locks the "monster" away again, with new doors and in a new place. The monster who claims to be the real me who is even now locked away somewhere in my mind? This concept is very scary and confusing but these are my memories.

"This all took place in the summer of 1994. After that I couldn't remember any of these events, and Aaron continued to be my "best friend". Over the next two years I would go over to Aaron's apartment and hang out. I remember a lot of missing time, watching a movie and all of a sudden I would be watching a different movie and it is 2:00 in the morning. Sometime he would get up and lock the door when it is only the two of us and we were both about 6 foot tall and 230 pounds with bodybuilder physiques living in a very quiet and secure apartment complex. So I began to wonder about these events and I would ask him "why do you sometimes lock the door" and he would never answer me.

"There is much more to the story--how I broke free, where I am today, are they still watching me? It's funny because I play these events over and over again in my mind. Government experiments, multiple personalities, hypnosis. The thought that the United States Government assigned someone to "watch" me for years sounds kind of crazy. The thing is, as I was sitting here typing on my computer and writing this letter, I remembered that Aaron used to come over and use my computer for some of his "theories" and "projects". When we were "best friends" I never thought much about it.

"But LOOK what I found on my computer. Here is the first page of a 10 page document that is one of his theories on how the human mind operates which he submitted to be published.

"***Memory Regression Technique (MRT)*** **Aaron M. XXXXXXXX**

Memory Regression Technique (MRT), involves the process of retrieving past memories, and can assist in the retrieval of repressed material (memories) from the unconscious. ***MRT*** understands the process of association in relation to memory and strongly believes that specific memories can be brought to consciousness. Furthermore, MRT assumes to seize (particularly regarding the repressed patient) deep-seated memories and experiences through the aid of association using music.

INTRODUCTION

Memory Regression Technique (***MRT***), involves the process of retrieving past memories. Memories that are either general or specific in nature. What the technique consists of is regressing one's mind (through age and time). By having individuals retrieve information (memories) from their past using a systematical process, they begin to develop an

adaptation to this process. A "familiarity" of retrieving past memories and as this process continues, releasing stored material is made easier by the individual.

Memory Regression Technique can assist in the retrieval of repressed material (memories) from the individual's unconscious. Repressed material or pieces of information can be brought to consciousness through the aid of association. It is certainly probable that specific individual experiences / events were recorded in one's memory through association, particularly with music during a specific "time" or period in one's life. Accordingly, ***MRT*** can assist the individual in locating a desired "time episode" of when certain specific events (memories) transpired, that may have been repressed through time.

Why is ***MRT*** so unique? MRT understands the process of association in relation to memory. When memory is stored it is essentially always stored in relation to the attainability of one's senses via smell, taste, touch, visual, and through auditory processes.

When individuals tend to remember past experiences it is usually retrieved through related associations (whether it was induced by the color red or from a personal meaningful experience). ***MRT*** parallels with that of state-dependent memory. State-dependent memory is an extension of context-dependent memory (information that is better retrieved in the "context" in which it was encoded and stored or learned). It sometimes happens that we retrieve information better when we are in a physiological or emotional state that is similar to the one in which we encoded and stored the information. Our moods may also serve as cues that aid in the retrieval of memories. Emotion influences not only what is stored in memory, but also how easily records can be accessed from memory. Individuals can best retrieve emotional memories by reinstating the emotion they were experiencing at the time they originally stored it, especially if the memory is associated with music.

The objective is to increase the process of retrieval. Knowing that music (a specific song) can elicit a past memory for an individual, ***MRT*** realizes this principle: more songs may elicit more memories. MRT is an extensive collection of condensed music from past years to the present in chronological order. ***MRT*** is designed for availability to most settings: classical, country, jazz, rhythm and blues, pop, rock and roll, rap, gospel, folk, reggae, etc."

Mr. Coffee

A subsequent email read:

"John:
I got your name off the mind control forum web page and sent e-mails to all the people who I thought could help me. I had sent you that mail a while ago and a lot has happened since then. Since then I have regained more of my memory. As it turns out I have incredible telekinetic abilities, I can move, levitate and create objects using only my mind. And yes I was one of the superstars at ***Montauk*** from 1988-1992. They since have erased my memory of everything and my abilities but I am slowly getting them back.

"The thing is I have remembered that I have a 8 year old son and his mother is my soul mate and the woman I am supposed to marry, both of which they have and are raising my son for their own purposes. I am going to be forced to make a trade with them in exchange for my silence. As you can imagine I cannot discuss the details for many reasons. I cannot go public as the whole affair goes a lot farther than just a simple trade and if I do they will kill them. I have tried to get him before and they simply erased my memory again, this time I am more prepared.

"I have read your articles and must say that you are correct on many accounts and can tell you only that everything Preston Nichols claims happened in his books is all too true. I thank you for your concern and reply to my request for help. I hope you understand that things are in a very critical time for me and even writing this letter is extremely dangerous for me. But I will try and keep in touch with you as best as I can. Thanks again"

Mr. Coffee

I am currently unaware of **Coffee**'s intentions regarding matters such as public disclosure of what he has been through and what he knows. He has met with Nichols a few times, and with **Peter Moon**. **Nichols** informed me that **Coffee** is "definitely involved" with some recent phase of the ***Montauk Project***, but given the seriousness and sensitivity of the situation (in regards to **Coffee**'s wife and child), **Nichols** would not discuss it further with me on the phone--which is pretty rare for him (even though he openly acknowledges that his phone line is intensively tapped).

As described earlier, I did meet **Coffee** in person during my trip to eastern Long Island in the summer of 1998. At that time Nichols indicated to me that he felt Coffee may have been used as a breeder and/or as cloning stock by the secret government, probably due certain racial or bloodline factors. **Nichols** believed that Coffee had without doubt been subjected to "Montauk Project-related" government mind modification programs and that his alternate identities had been extensively programmed to function as a fearless, "invincible" extremely self-confident soldier.

In early September 1998, **Mr. Coffee** was arrested by local police where he currently resides in New Jersey, at the instigation of the ***FBI*** and aided by a complaint against him by a suspiciously eager ex-girlfriend. They had a court order to confiscate a **Coffee** possessed: though he was compliant in every way with the officers, they found some pretext on which to arrest him and he ended up incarcerated in a psychiatric hospital! Several days before, **Coffee** had appeared on a Long Island TV talk show in which he aired an extensive account of his involvement in government mind control programs, and the day after the broadcast he was the target of a kidnapping/murder attempt.

From "**Oscar Laurent**" (a pseudonym) comes the following testimony, which describes his own childhood induction into a government-run covert mind control program.

> "I have very vivid recollection of an episode (beginning midday, summer) from where I was in a van (minivan or other taller vehicle) sitting in the front passenger seat and pulling over at a gate in the fence where the road (perpendicular to highway, dirt) extended for a long distance (miles? Depth perception in arid western lands with only reference as a distant mountain range is quite confusing) from the highway to the mountains in the distance... I believe I've entered within a geomagnetic hot spot. The land around this road is quite arid, plain, no structures rocks or dunes, and only limited plant life (little grass clumps or small bushes) and extremely flat. During this time of transport between the highway and mountains, there is a large missing block of time...
>
> The next memory is entering the wooded area of the mountains, many solid rock faces with steep angles on the sides of the road winding through the forest, and (because I was woke up by the bumpy road) then another lapse of missing time due to sleep...
>
> The next memory is constant till the end.
>
> The arrival (waking now) is to a dirt/gravel parking lot. There in this parking lot was a large house-like structure, wide, typical design of a hotel; large front porch, dumpster and propane tanks outside to right (facing) of building, other cars/small trucks in lot near house, gravel on ground in parking lot, grassy area behind house with wooded area beyond that... all sides of this area are steep hill/mountain sides forming a basin (slightly darker in lighting) where the building was... miscellaneous other little things (trivial)> the interior of this building was house like, we passed by dining and lounge rooms, [boredom eliminated memory of most of the interior, until going downstairs] and finally ended up in the basement of this building...
>
> Stuff in basement was typical of an old building, miscellaneous old junk, whatever, but on the side wall (following a wide path through junk) was a modern and shiny metallic door with digital numeric keypad combination lock on the right side, which the person leading me to it stood in front of and opened <note: perspective is from a 2,3,4 year old looking up at the man; lock at doorknob height, still above head> when door was opened it swung open towards me, and I notice that the side of it is about a foot thick with bolt locks extending from it [similar to bank vault] (might have been the receptacles for locks mounted in the doorframe) all metallic chrome or steel, and a long tunnel extending from it down at a slight angle, and to the right <this in perspective to the building means it was leading beyond the back left corner of the building (facing front) where the rock slope of the mountain extended upwards nearby> this tunnel was well lit at the entrance (white lights as found in office buildings) (similar arrangement of lighting as the interior running lights of an airplane, (long light source in cavity on upper corners of wall, and if I remember correctly, slightly rounded and metal chrome, compliments nicely with the pure white walls and metal flooring (diamond hatch grips on floor))

There was also a chrome handrail extending the length of this hallway, which I would look up at (being what, 3 years old?) and being led by the individual behind me with hand placed on shoulder sometimes for guidance or whatever, but always walking behind... (I do not have recollection of this man's face, as the driver of the van I was in stayed upstairs in the house, and I went with the "owner" of the house down to the basement, etc.) As we progressed down this hallway, it was obviously intended as a light adjustment area so the eyes could slowly adapt from the bright light of upstairs and outside and the entrance to the tunnel to the darkness where this tunnel met up with others in a spur.

At this spur (probably 100 feet from entrance <perception of small person>) the lighting was rather dark at the lower level... The tunnel was straight, but the atmosphere and the gentle slope of this tunnel told our senses we were now quite a ways underground... At the spur intersection at the end of this tunnel (very dark) we turned in some direction (no visual reference) to the left <geography of above ground surface say this would be directly under the large mountain (solid rock) and a ways into the center of it, although nowhere near the exact center of the mountain, other tunnels went that way> as we continued in the left tunnel we came upon a room...

The tunnel ends in a 45` angle to a squarish room to the right, its farthest two walls of unknown distance (black walls, some chrome, but limited lighting from [it] was not enough to make out anything in the room besides [it]): the simple description: a "iridescent purplish pinkish bluish purple cuboid" <pausing for shivers due to recollection of this... quite powerful emotion>

On the right wall, as you enter the room you will notice a semi- circular table (large) extending from that wall, dark, yet reflective coloration of table, and some chromed metal throughout the "device". I'm having trouble continuing to type... any attempt to describe the thing is practically impossible... (Excessively strong emotional response).

I've tried numerous times with multitudes of materials and lighting to try to reproduce something that even somewhat resembles the thing, but haven't been able to even come close to its color, no less its semi-transparent texture and appearance of it... well we will continue to try :) >

Ok... let's start with it. It is a rectangular solid. It is fairly large, probably 2 feet wide, unknown depth. Squarish front face. It is mesmerizing. If you can picture a huge mass of fiber optic material (translucent surface) with infinitive tubules intertwined within it in a rectangular solid shape, with blue, purple, and pink light streaming in high speed bursts throughout this mass, creating a glowing "purplish pinkish bluish purple cuboid" then you are coming close to the reality. You may also define it as similar to the primitive (in comparison), but current attempts to create an optical switching/processing device (computer) by many gov't and private research institutions.

Ok. At least I got through that... :) this cuboid was situated slightly lower than the surface of the table, in what appeared to be a indentation (my height was at the table level, or

slightly above, so I could see that it went down below the surface of the table, but no idea what it was seated on.) <this thing also had the most powerful aura or "mental energy" or psyche or whatever you want to call it I have ever encountered (I have tried to recreate this feeling with numerous forms of radiation, magnetic and energy fields, large antenna structures connected to my high power amateur radio equipment, etc., the only thing coming close was accidentally bridging a 30+ amp power supply and the extremely painful shock and high energy level in my body at that, instantly created from the discharge [please don't attempt, life threatening])>

This aura or whatever it was so intriguing that I was guided by this other individual who led me down there to either stand or sit next to the receptacle (please see drawings) to the thing, and insert my hands and forearms into a rubber like apparatus with metallic contacts for the base of your palm <science knows of a gland in that section of the hand... If you look at the right hand palm up, at the lower left side (top of wrist) is the top of the arm bone or wrist bone, whatever, fairly large... Now go up about a third of the way from this bone to the base of the little finger, there is a large muscle/mushy flesh section on the left 25% of the palm, inside or below this muscle is the gland or nerve endings or whatever was used to interface with the thing.> as I found the metal balls within the rubber interface, I was offered a chair (seen out of corner of eye) by the leading individual, and this scene (vivid mental image of the cuboid to the upper right field of view, the counter to the right, the interface directly in front, some chrome pipes or whatever directly beyond that, darkness in the rest of the room, the front of my body below, and the chair off to my right being placed behind my legs for seating...) this is the last memory I have of the entire event when a "supernatural" feeling swept all of me and I made contact with both hands to the metal receptacles in the interface unit. (Previously only touched by fingers, now by that spot on both hands)

Event happened between 1982 and 1984.

Very commonly, as I travel frequently and tend to find tons of interesting things wherever I go, I have recalled these memories spawned by similarities in the environment where I currently am. HOWEVER these things that I see DO NOT in any effect my vision memory of the experience with the thing. The memory is there, it is unchanging and solid, but the resemblance of other things always bring the experience back. For example, I mention the long remote highway, the distant mountains, etc...

When visiting New Mexico and Texas and attending a camp in NM (twice), (including travel between the airports (New Mexico) and the camp) I am commonly looking for the view and dirt road which are so vivid in memory along the entire trips, always hoping to see this same scene, or feel the same sensations as we approached the thing facility... Various sci-fi shows, especially Star Trek with the Borg flash back recollections of the "thing" room, especially the interface, although nothing in Star Trek resembles this arrangement of devices.

Whenever I pass a wooden post/wire fence, I think of the trip along the highway and the gate we passed through. When wandering around at a family friends house in NM or

> Texas, I think of the view looking out of the van over the fence across the plain to the mountains... Whenever visiting a rocky and mountainous area here in the northeast, whenever we come upon a tall steep rock side of a mountain on a windy road, I think of the views entering the mountains at the facility. The placement of the dumpster and other tanks and vehicles at the kitchen building of a camp I have frequently attended are quite similar to those on the side of the house/hotel building, but even with the excessive number of times I've passed by them, they are never right (the height of the porch is similar, the building construction is similar, but in no way close enough.) Entering well or dimly lit buildings sometimes reminds me of the tunnel, as would a smaller (with same slope) tunnel used to connect the airport to the plane's portal, same grating on the floor in some cases.
>
> NOTHING HAS EVER RECREATED THE EMOTIONAL FEELING OF THE FACILITY, thus I will soon be traveling to Montauk Point, NY where there are other geomagnetic "hot-spots" as it is the closest place to my current location with similar characteristics.

A therapist from New Orleans named **Valerie Wolf** presented two of her patients to the President's Committee on Human Radiation Experiments on March 15, 1995 in Washington D.C. The two patients, both women, gave bloodcurdling accounts of some of their horrific experiences while being subjected to government-run mind control/modification/ manipulation programming, which included, among other "techniques", use of such tactics as drugs, torture, hypnosis, electroshock, and rape, as well as being exposed to an unspecified or unknown amount of radiation. Much of this was administered by German (ex-Nazi) doctors. Both **Wolf** and her patients stated they recovered the memories of this ***CIA*** program without regression or hypnosis techniques. Incredibly enough, to the best of my knowledge, neither Congress nor any committee thereof nor any element of the "free" press ever followed through and pursued these tremendously serious and well-substantiated allegations to the slightest degree whatsoever.

David E. Rosenbaum, who was at one time employed as an attorney for ***Atlantic Richfield Co.,*** conducted a nine year investigation (1983-1992) into reports of physical torture and coercive conditioning of numerous employees at an ***ARCO*** plant in Monaco, PA. Two of his clients, **Jerry L. Dotey** and **Ann White**, though apparently victims of radiation exposure, were also subjected to very severe mind control programming while at the ARCO plant.

Dotey and **White** were allegedly subjected to torture of many kinds while under drug induced hypnosis as part of this mind control operation, with each one undergoing at least three different "training" programs by plant physicians.

Each victim was trained to enter into a hypnotic state upon the occurrence of specific stimuli, usually involving a "cue" word or phrase and trained to "remember to forget" what transpired in the hypnotic state. They were repeatedly subjected to identical stimulus-response sequences, in order to produce nearly automatic reactions to the particular "trigger". ***MK-ULTRA*** veteran **Dr. Bernard Diamond**, the ubiquitous and odious **Dr. Martin Orne** and **Dr. Josef Mengele** regularly visited the ***ARCO*** plant, according to **Rosenbaum**.

Keep in mind that ***ARCO***'s advanced projects division was heavily involved in the development of ***HAARP*** technology prior to 1994, and the clear existence of a substantial mind/mood control agenda within the fundamental documentation on ***HAARP*** cannot be forgotten.

HAARP - SON OF PHOENIX

The ***HAARP Project*** gives every indication of being the successor to certain aspects of the ***Montauk Project***--particularly the ***interdimensional and time operations***, and to a number of other EM/RF mind control/ manipulation operations as well.

One of the most significant pieces of official, internal covert military documentation regarding *HAARP* brought to light by **Begich** and **Manning**, the authors of *Angels Don't Play This HAARP*, specifically and precisely described HAARP's ability to actually scan and "INTERROGATE" the minds of targeted individuals by means of certain EM/RF technologies /applications. This is just another way of saying that their minds can be read through "artificial telepathy" or "techno-psychic" (psychotronic) systems.

This is from the military's own internal documents, referring to many years of empirical research and development into these types of "weapons", (in total and unconstitutional secrecy, of course!) and the validated, verified, tried-and-tested results of all these covert endeavors. Naturally, within many of these same internal documents, the main focus of how these weapons would likely be used focused excessively upon domestic uses; again, a concept which right off the bat by its very definition is absolutely unconstitutional!

Begich and **Manning**'s book makes repeated references to the ubiquitous John Alexander as well; one admittedly small point which kind of made my blood run cold was the fact that this guy is one of the few people in the country (world) who have a doctorate in "***thanatology***". That is; study and knowledge of... death. Nice guy.

What jumps out at me from a look at recent history is the fact that the ***CIA*** and their spook colleagues in ***NSA***, ***DIA*** and other members of the intelligence "alphabet soup" officially farmed out psychic/telekinetic/ telepathic/remote viewing research to the "private sector", a sure sign that the whole shebang has gone completely underground (in one or more possible ways!), and also has been completely shielded from any possibility of (legitimate) governmental review, oversight, interference and what have you. Once it's gone private, anything can "go down".

Which leads to **Alexander**'s domination of the creation of Psy-Tech, the "institute" made (in)famous by **Ed Dames**, especially via Art Bell's radio programs. I have really never trusted **Dames** nor anything he said, nor anything any of these avowedly ex-spooky characters will ever utter. I have since noted that most of Dames' utterances have turned out to be hogwash. The cliché "once an agent, always an agent" is in fact very often very true.

Here is the proof, now, that ***Psy-Tech*** and other such "private-sector" entities like ***The Farsight Institute***, are in fact creations of the covert intelligence agencies and with certainty are fulfilling certain functions and implementing agendas for said agencies. Such as spewing malicious disinformation and playing on the "New Age" sensibilities of many people by averring that the information being put forth is being received through higher psychic abilities and is literally "infallible" (has **Dames** considered taking the job

of Pope?); guaranteed to be 100 per cent correct (as **Dames** often referred to his own "predictions" and prognostications--most or all of which have failed to materialize!) What was the agenda for putting out certain concepts and declaring that they are absolutely going to come to pass? An example of this would be **Dames**' Number 1 biggie--that a plant pathogen from the ***comet HaleBobb*** would completely devastate all plant life on earth beginning in Africa, as of last fall? Dames stated that this would lead to massive devastation of humanity on an unprecedented scale. (We should all be very badly off right now in **Dames**' scenario). **Dames** said over and over, via the mouthpiece of ally **Art Bell** that this was absolutely, positively going to happen. No way in hell it was not going to occur.

Well, we're still here, Ed. Personally, I think **Dames** is full of crap. At this juncture I have to say I've become somewhat skeptical of **Mr. Bell** also.

John Alexander has been closely tied to ***HAARP*** ever since the project's inception under ***ARCO***. **Alexander** knows the tremendous potential for the technology as a means of global control upon the human race through the major capabilities of HAARP transmissions to very substantially affect and manipulate humanity (and other life forms) physically, emotionally/ psychologically and even psychically/spiritually.

I would recommend that readers familiarize themselves as much as possible with the ***HAARP Project*** and its many covert agendas, and petition whatever decent elements remain of our government to unilaterally shut down and disband any and all electromagnetic mind/body/mood altering operations at once.

Watch out for HAARP!! Covert and esoteric ***HAARP*** operations ("Tesla" EM transmissions) are now unquestionably being conducted on Long Island at Brookhaven Labs and apparently at ***Montauk Air Force Station/Camp Hero***'s subterranean installation--one of the earth's primary power points; as well as at a number of other locations worldwide. I think these are significant and unfortunate events and deserve intense scrutiny and investigation. If my gut level hunch is correct, and a linking of ***HAARP*** with certain of the ***Montauk Project*** technologies and agendas is being contemplated and/or implemented, we of the human race could all be in for a very unpleasant situation.

Postscript

WHAT'S TO COME

Keep in mind another very significant factor; the Montauk Project appears to have splintered, with certain aspects such as the ***interdimensional/time operations*** and some of the mind manipulation programs being merged or subsumed into ***HAARP***, and other elements of the Project continuing on as shown by the resurgence (indeed, if they ever ceased!) of the hard core, "***Montauk Boys***", psychosexual abuse-coupled-with-psychotronic-&-EM/RF mind control activities--which result in dissociative, multiple personality conditions in the targeted subjects, with the alternate personalities being heavily programmed.

There are statements from certain knowledgeable individuals and some outward indications to support same that such mind control activities--directly linked to the methods and agendas of the ***Phoenix/Montauk Project***--are being implemented in the subterranean installation beneath the grounds of the old Navy submarine base on Fort Pond Bay in Montauk. As I've described, my personal experiences at this location and admittedly subjective analyses of these experiences has led me to conclude that there are some very peculiar surface conditions as well as a noticeably strange "vibe" in the area which would tend to give additional credence to such claims. Claims have also been made that such unwitting agents of the secret "***New World Order***" government, with thoroughly programmed alternate identities-many of these also implanted with biologically-based micro transceivers for monitoring, programming and triggering/activation of previous programming--may number well over five million in the United States alone, with more being inducted and initiated daily.

If such numbers are anywhere near correct there is in effect a very dangerous, secret, "sleeper" army which theoretically at least can be called upon by the covert government at any time and deployed to do what would very likely be the most horrific and gruesome tasks imaginable.

This doesn't sound very good to me, and one must hope fervently that one way or another the programming starts to break down and disintegrate for most of these unfortunate people. A more widespread acknowledgement of the actual existence of these wretched operations and certainly a more open and public discussion of the entire topic and its ramifications by our society (media) would be one way to help dissolve the psychological barriers within us that prevent an understanding of the severity of the problem; and most especially those psychological barriers within these "targeted" individuals that prevent conscious awareness on the part of the main, true personality of the means used to shatter their psyches and the resulting alternate, programmed personalities. In other words, overcoming the phenomenon by which any actual concrete, conscious memories of the events surrounding the psychosexual abuse and EM/RF-assisted programming are erased or blanked out of the subjects' minds.

Members of contemporary society, in particular young people, are subjected to a good deal of overt mind manipulation programming by means of the fluff and mind candy disseminated by the mass entertainment corporations and major news media conglomerates; most certainly many of the video and computer games aimed so heavily at children and teenagers have a significant "programming" impact upon participants as well. In addition to that the entire population is to a degree subject to subliminal transmissions, some coupled to commercial broadcasting and others not.

Perhaps the best way to sum all of this up right now is to say that those who cherish, support and will defend human freedom and the right of humanity to fulfill its most positive, most life-affirming, most inclusive, most expansive, most compassionate and most loving destiny: take heed, and take action now, in any way you can, to counteract the influences of those people who wield the technologies described in this report in pursuit of the aims and agendas noted.

The general global situation--in terms of global economics (oppression), ecology/environment (pollution), quality of life and scarcity of resources issues, and additionally the overall "human predicament" in terms of personal fulfillment, higher awareness, human rights, and in terms of having any worthwhile future at all on this planet to hand our children--in many ways have surely never been more precarious: a massive shift of consciousness, and thus of "reality" itself--as shown by premier

quantum mathematician /physicist and ***Phoenix/Montauk Project*** principal **Jan Von Neumann**--has never been more urgently needed.

ELECTRONIC WARFARE INCREASING AGAINST PEOPLE ON MULTIPLIED SCALE_SEALS RESPONSE NEXT POSTING

I have a concern and question for you. As I have said in the past, my son died 5 years ago of what my research has led me to believe was mind control targeted individual. I have stayed in touch with many of his friends who are now in their mid-twenties and live in the Atlanta area. I got an alarming message from one of the sweetest young women about what has been happening to her. She posted her experience on FB and a number of her other friends in the Atlanta area are experiencing the same or similar symptoms.

This young lady was sitting watching TV and all of a sudden severe pressure in her ears that made her ears eventually popped worse than flying in an airplane or altitude changes. Then all of a sudden loud ringing in her ears and she couldn't hear at all for about 20 seconds. Then she felt like the sound of a gun going off right next to her head and she jumped up and cringed and started crying she was so upset. She said she has been disoriented, clumsy and walking into things for about a week.

Another young woman said that something similar happened to her three times this past week. Another person said that off and on for this past week there has been moments of defeating silence then loud extreme ringing in her ears.

Another young woman said it happened to her too yesterday at work and she became so disoriented and her head spinning that she had to sit down on the ground and hold her head until it stopped. Then she was extremely disoriented.

Steve I want to be able to direct these young people to what is happening to them and not have them fall victim to what killed my son. I want to ask if there is anyone else out there in a similar geographical area that is experiencing the same thing this past week. What are they experiencing and what do you believe the nefarious purpose is for this at this location, Atlanta and now? Jade Helm related? Millennials seem to be really target at this moment. REGINA

The signal warfare works best on an individual if they are on some form of mental health medication, it seems to connect to a category of vibrations that are created from a person's medicated energy.

I have had ringing in my ears for 5 months now. It's constant, always there, sometimes more intense than others. So I believe this woman. From what I have researched, it's usually a combination of Wi-Fi, cell towers and smart meters being used to alter moods, cause physical disorientation and sometimes death.

'The signal warfare works best on an individual if they are on some form of mental health medication, it seems to connect to a category of vibrations that are created from a person's medicated energy'. This is the ultimate reason why these medications have been pushed so hard. If many people are experiencing something like what this woman has explained, it is a blanket signal aimed at an area or specific populous. The only way around this is to move out of the area, I suggest at least a few states away.

Of course, the only real protection from this demonic activity, and it is demonic, is to REPENT and be baptized in the name of Jesus Christ of Nazareth. I was just actually led to capitalize the word 'REPENT'.

Government Sponsored Mind Control Will Soon Eliminate All Free Will

The Common Sense Show
FREEING AMERICA ONE ENSLAVED MIND AT A TIME ™

Three summers ago, my son I were in the middle of a father-son golf vacation in Colorado. Included in our vacation were daily trips to the movies, Rockies baseball games or to Dave and Busters. One night, while driving back to our hotel, at about midnight, I received a call from a man who said he wanted to be a whistleblower on government sponsored mind control projects being researched and developed at post-secondary institutions such as Arizona State University. I asked the man how he got my number, and he said I was on a list being maintained by the government which was stored at the place in which he was involved in research. The informant named myself, Alex Jones, Doug Hagmann, Steve Quayle and several others, whose names appeared on this list. He said he assumed the purpose of the list was to use some, if not all of the listed media personalities for remote mind control experiments and to turn them into unwitting accomplices to the NWO. At first, I thought I was dealing with a nut.

The rational left side of the brain had a hard time fully believing this source. However, when I questioned him about the technology and how it was to be implemented, he had unusual knowledge of the brain and its functions and I realized that this man had very specialized knowledge and training. This source and I had several late night conversations, after my young son went to bed, about the technology and

why he was so opposed to it. He told me something that seemed quite unbelievable at the time. He said that they were working on a plan to implement mind control over human beings using nanotechnology which would be delivered in a variety of ways. Vaccines were one part of this delivery plan. I feel the frantic insistence that everyone be vaccinated, in the present day, is connected to this plan. Also connected to this plan were specified electromagnetic waves, tied to specific frequencies, which would elicit certain emotional responses and the use of the inhalation of certain "smart particles" we part of this plan as well.

In his role as a doctoral candidate research assistant, it was his role to observe and catalogue mind control experiments. He was quite clear that they technology worked almost all of the time.

I scheduled this whistle-blower for a radio appearance on my show. When he asked me if I could disguise his voice, I told him that "they" already knew we were talking and it was an unnecessary precaution. I told him the light of day and massive media exposure constituted his best line of defense. The next day, he called and said he was confronted at work and was told they did indeed know he was speaking to me. It was the last I ever heard from him. How did I know he was real? I have an excellent understanding of how the brain works and how external stimuli can be brought to bear to bring about mood and behavioral changes. This person had a level of awareness in this area that surpassed my own. To the neuroscientists reading this, he had great understanding of how this technology took advantage of brain lateralization and plasticity in terms of maximizing the effects of the external stimuli.

Recent Developments

The **University of Utah** has already developed a similar chip that delivers signals from an external source directly into the brain for interpretation. DARPA's unit will undoubtedly be far more advanced.
MIT is boasting that they can **implant memories in your brain**. An example of this technology came directly from the mainstream media, an American Navy vet woke up in a Motel 6**without any memories of his life and only could speak Swedish**. However, all his identification and evidence provided proved he was an American sailor.

What the Government Is Doing Today

A new book written about the US Defense Advanced Research Projects Agency (DARPA) says that **wounded soldiers** returning from campaigns in Afghanistan and Iraq are having computer chips implanted in their brains to help them heal. This technology holds the promise that soldiers with PTSD could be greatly helped. However, technology is neutral. This kind of technology could easily be used to enslave people. I find it interesting that veterans are at the forefront of this technology. Are they going to be neutralized is the country were be conquered and we had to depend on guerrilla warfare and the veterans would form the vanguard of that force?

The new of this mind control technology grows even more ominous as New York Times bestselling author, **Annie Jacobsen**, claims that DARPA has already embedded the chips into the brains of injured soldiers coming back from the Middle East. Jacobsen told **NPR** that out of the 2.5 million Americans who served in Iraq and Afghanistan, 300,000 of them came home with traumatic brain injury. Subsequently, DARPA initiated a series of programs to help cognitive functioning. Was this the Beta test for this technology?

Darpa's Eric Eisenstadt told **Fusion** "Imagine a time when the human brain has its own wireless modem…." That statement was made back in 2002. It has not become a reality.

The Purpose of Mind Control

Initially, I believe that the two goals of mind control were (1) profit; and, (2) control of the flow of information similar to what we see in the corporate controlled media. However, I quickly realized that I had set my sights too low in assessing target goals for these nefarious groups who are in control of this rapidly expanding technology.

It is becoming increasingly clear that the ultimate goal is the complete control of every individual through mind control. The power brokers of this planet are seeking to install a police state grid which is absolute in its ability to control all thought, all emotion and consequently, all behavior. The end result will be to remove all potential opposition (i.e. free will). The purveyors of this technology are the enemy of all humanity and it is clear that they view humanity as their adversary which needs to be controlled, used and then tossed aside like some piece of garbage.

The Introduction of Societal Mind Control Techniques Utilizes Law of Incrementalism

If the government was to announce, tomorrow, that we had a month to comply with mandatory chipping, we would witness widespread civil disobedience. The paradigm shift would be too great for the government and its managing special interests to manage. However, if humanity can be nudged, bumped, then pushed, then shoved in that direction, the goal is much more doable. I would suggest what is happening in England is a nudge and a bump in the direction of ordinary people accepting the their own future consisting of micro chipping for the purposes of mind control.

All dogs in **England** will, as of April 2016, have to be micro-chipped as part of a British government attempt to cut the number of strays and make pet owners more responsible for their animals. The British government also states that it will cut down on the number of dog attacks against children. It seems that

all controversial government programs are implemented under the umbrella of “protecting the children”. Whenever we hear the phrase ,”protecting the children,” we should become very suspicious. According to British government reports, **eight children** have been killed in dog attacks in the UK since 2005, many of which happened in the home. Subsequently, Fido must be chipped to make the children safer. I am not sure how chipping dogs will make a dog bite less as this massive chipping program is based upon a laughable premise. Are the Brits to expect that escaping detection and prosecution will lead the dogs to be less aggressive? This is ludicrous. How then will chipping dogs make children or anyone else more safe? The short answer is that it will not. This is part of a conditioning process in which the Brits and soon, the Americans, will come to accept the chip for themselves. Inch by inch, a paradigm shift is a cinch.

I predict that a related headline, in a few short years will read something like this: All humans in the United States will, as of April 2016, have to be micro-chipped as part of a federal government attempt to cut down on the number crimes, especially crimes against children, committed by a growing homeless population.

Your Body and Life Does Not Belong to You

Before a population will accept chipping and other forms of potential mind control, the people must be conditioned that their body belongs to the state. Everyday, the federal government is going to extraordinary means to condition you to the fact that you do not own and control your body. You are the property of the powers that be. Nowhere, is this more apparent than what we see at the airport as the pot bellied perverts who fill the ranks of sexual molesters at the TSA, are busy sticking their hands down our pants, groping our daughters and wives breasts and even sticking unwashed hands in our body cavities. The TSA has not stopped one terrorist event, but that is not the goal. You are the property of the elite and the government is reminding you of this every time you travel. The implementation of the TSA as an agency which routinely commits second degree sexual assault again the flying public coincides with the implementation of various electronic surveillance advances which have the potential to “mind control” and individual. And before you respond with “The TSA protects us from terrorist attacks”, let me remind you, again, that the TSA has prevented zero terror attacks since its inception.

DNA Provides An Avenue of Attack for Targeted Individuals

In the next part of this series, it will be revealed who having someone's DNA sample for example can be used as a means for electronic harassment and mind control manipulation. In light of this, we all need to be asking why are our infants are having DNA extracted from them at birth?

The independent media has been reporting that our government will very soon be forcing all citizens to use a biometric ID to travel, to work and hold a job. The biometric information required for this form of ID is enough information to allow for the targeting of individuals using electromagnetic frequencies. The trend curve is clear, we are being conditioned to accept micro chipping. Micro chipping will prove to be the electronic collar needed to control and individual.

Where is the proof?

The Dawn of Micro-Chipped Mind Control

The most important bullfight in history.

In the 1960's, Spanish neurologist, Jose Delgado was involved in a noteworthy bullfight. Without any real bullfighting training, he bravely stepped into the ring with a very dangerous and deadly bull. However, Delgado had a secret weapon. He had previously implanted a radio-equipped electrode which was implanted into the bull's limbic system (i.e. emotional center of the brain) which he called "stimoceivers." Delgado subsequently demonstrated that he could manipulate an organism's mind and body via remote control technology. Thus, as the bull charged, an invasive electrical signal penetrated the bull's limbic system and the bull calmly broke off the attack in mid-charge.
Delgado found that by stimulating different regions of the limbic system, which controls emotion, Delgado could also induce fear, rage and a variety of other emotions, that he was able to manipulate the type and intensity of emotional reactions. Thus, Delgado discovered the fine art of mind control.

Intrigued by his work, Delgado was invited to teach and be a guest lecturer at such prominent universities such as Harvard and Yale. ***However, in 1968, Delgado went to work at the Stanford Research Institute (SRI) and this is where much of his research trail grows cold. We now know that SRI was a CIA front***

and was connected to the MK Ultra experiments. In 1974, Delgado abruptly returned to Spain and later became an outspoken opponent of mind control and its potential for harm and misuse by totalitarian societies. Perhaps, he was not on board with the CIA and what they eventually had planned for the American people.

In cats, **monkeys**, bulls and even humans he repeatedly demonstrated that he could control emotion and ultimately behavior. . In one experiment, Delgado stimulated the temporal lobe of a 21-year-old epileptic woman while she was calmly playing a guitar; in response, she flew into a rage and smashed her guitar against a wall, narrowly missing a researcher's head. Perhaps the most medically promising finding was that stimulation of a limbic region called the septum could trigger euphoria, strong enough in some cases to counteract depression and even physical pain.

Later Delgado was able to impact the hypothalamus of a cat and induce uncontrollable rage in the animal. Keep in mind that this technology is over 60 years old. One can only imagine how far this technology has come during that time.

Delgado's famous bull fight and the angry cat are depicted in the YouTube video entitled CIA https://youtu.be/Ni2FFSAhTcA entitled FUNDED MIND CONTROL EXPERIMENTS—BULL & CAT

The lesson is clear, embedded chips can turn normal people into crazed killers and it can take crazed killers and turn them into passive beings. Interestingly, the most famous graduate of the MK Ultra program was the Unabomber, Ted Kaczynski.

The Mind Control Delivery System: Project HAARP

Many are predicting that biometrics will be required to access the Internet. The fact is that some what your biometric information because this is the first step in gaining control over your mind. The main threat to humanity lies in the fact that the technology exists to control all of human behavior at one time. A reasonable person would certainly ask "how is that possible?" To answer that question, I refer the readers to Nick Begich's website in which he details how mass electrical signals can beamed up from an array of antenna and bounced off the ionosphere in either a narrow beam covering a specific and defined geographic area, or it can be reflected back to earth in a broad beam application in which millions could be impacted by one electrical signal designed to change human behavior. We know this technology as Project HAARP.

United States Patent ***5,159,703,*** Lowery, October 27, 1992, *Silent Subliminal Presentation System*, Inventors: Lowery, Oliver M. Appl. No. 458339 Filed December 28, 1989, discusses the microwave

technology necessary for mind control. In this patent, we witness the move from the mind control of certain individuals who might have been programmed, which is frightening enough, to witnessing entire populations being controlled. The patent discusses the possibility of impacting millions at a time. The net effect of the technology is enhanced when there is a transducer in the body such as an ***embedded microchip***. (See YouTube videos at: https://youtu.be/lfaw4q4fJO0 and https://youtu.be/DiTvB8csqbA

Particularly revealing in the arena of mind control, is Dr. Begich's work on voice to skull technology. In 1997, he displayed this technology for the European Parliament who promptly issued a ban on the use of the technology. Unfortunately, the technology has moved forward in recent years despite the ban.

Before you write to me and state that this could never happen, please spend 30 minutes on the Begich website, and analyze the validity of his observations. Begich has done a detailed analysis of the patents associated with HAARP, and very clear conclusions about the intent of these technologies can easily be made after examining the facts. Most awake people are aware that HAARP is a weather modification device. However, as a result of my research, I have come to the conclusion that HAARP's biggest danger to humanity is the mind-control potential related to this technology. Sadly, Dr. Nick Begich has been warning us about this potential for 19 years and it is only now that significant numbers of researchers are starting to pay attention.

A Very Ominous Warning from the Inventor of Electromagnetic Mind Control

Jose Delgado, the reluctant pioneer of mind control technologies.

In his later years, and after working for the CIA for over 40 years in perfecting this technology, Dr. Delgado was very critical about the distinct lack of Bioethics and consumer protection with regard to these technologies. Until his death a few years ago, Delgado remained particularly critical of technologies which can change human nature. Delgado, stated the following:

"This technology has two sides, for good and for bad, and we should do what we can do to avoid the adverse consequences. We should try to prevent potentially destructive technologies from being abused by authoritarian governments to gain more power or by terrorists to wreak destruction. However, Delgado is a realist as he postulates "can you avoid knowledge? You cannot! Can you avoid technology? You cannot! Things are going to go ahead in spite of ethics, in spite of your personal ethics."

The above quote from Delgado is a very ominous warning about how serious the subject of mind control is about to become for every person. After researching Delgado's past, it is clear that he felt the same about mind control as Einstein felt about the unveiling of nuclear weapons.

Conclusion

This article demonstrated that the right to control your individual body is under attack on a number of fronts. This article demonstrated that electromagnetic manipulation of the mind is over 50 years old. Further, it was established in this article that technologies such Project HAARP are very real threats to all people and some of the supporting governmental patents were presented as well.

The most surprising aspect of my research into this technology is not how far the technology has advanced, it centers around how easy it was to obtain information on the degree of sophistication of this technology.

As stunning as this technology appears to be, as printed in this article, what is written here is child's play compared to what has been developed and is in the process of being integrated into the police state surveillance grid. And as I am learning, this is only the tip of the iceberg.

To Avoid Prison, You Must Read This before Taking Your Money Out of the Bank

Jun, 2015
By
Dave Hodges

There is no doubt that anyone who leaves all of their money in the bank needs their head examined. However, if you walk up to your "friendly" teller and ask to withdraw all, or most, of your money, you will either be shown the door and/or arrested for violating federal banking laws. Yes, it is now a crime to take your own money out of your own bank account

Just how can one steal their own money, according to the Federal Government? That is what Deborah T. thought when she wrote the following to me on June 13th.

Dear Dave,

Please suggest what I should do. I cashed out my $10,000 IRA, paid the taxes and got the $10,000 in CASH….worried about not being able to get my money out of the bank. Now from what I have been hearing I am afraid I could be arrested for getting my own money out… Please make a suggestion. Should I redeposit the $10,000? Forever grateful if you will answer. Deborah T.

Deborah should be concerned with going to prison. There is no question that you need to take the majority of your money out of the bank, but what are the pitfalls in doing so? What should every American know prior to attempting to liberate the fruits of their own labor from the bankster controlled central bank?

Times Have Changed

Taking what was your money out of the bank is no longer a matter of walking up to your friendly teller with a withdrawal slip and the teller cheerfully honors your request and you calmly exit the bank with your money in tow. In fact, your teller is trained to look for certain indicators in any cash withdrawal of any significance.

As you move to withdraw the bulk of your money, there are three federal banking laws that you should be cognizant of, namely, **Cash Transaction Report** (CTR), a Suspicious Activity

Report (SAR) and structuring. Before proceeding with the planed withdrawal of your money, I would
strongly suggest that you read the following federal guidelines as it relates to CTR's as produced by the **The Financial Crimes Enforcement Network** (FinCEN). All the federal regulations contained in this article are elucidated in this series of federal reports.
Before withdrawing your money, please be aware of these three regulations related to getting your money out of the bank.

CTR

Federal law requires that the bank file a report based upon any withdrawal or deposit of $10,000 or more on any single given day.The law was designed to put a damper on money laundering, sophisticated counterfeiting and other federal crimes.
To remain in compliance with the law, **financial institutions** must obtain personal identification, information about the transaction and the **social security** number of the person conducting the transaction.
Technically, there is no federal law prohibiting the use of large amounts of cash. However, a CTR must be filed in ALL cases of cash transaction regardless of the reason underlying the transaction. This means your cash transaction will be on the radar.

Structuring and SAR

There will undoubtedly be some geniuses whose math ability will tell them that all they have to do is to withdraw $9,999.99 and the bank and its protector, the federal government will be none the wiser. It is not quite that simple. Here are a few examples of structuring violations that one should be aware of:

1. Barry S. has obtained $15,000 in cash he obtained from selling his truck. He knows that if he deposits $15,000 in cash, his financial institution will be required to file a CTR. Instead he deposits $7,500 in cash in the morning with one financial institution employee and comes back to the financial institution later in the day to another employee to deposit the remaining $7,500, hoping to evade the CTR reporting requirement. Barry should have used multiple accounts to conduct this transaction.

2. Hillary C. needs $16,000 in cash to pay for supplies for her arts and crafts business. Hillary cashes an $8,000 personal check at a financial institution on a Monday. She

subsequently cashes another $8,000 personal check at the bank the following day. Hillary is careful to have cashed the two checks on different days and structured the transactions in an attempt to evade the CTR reporting requirement. Hillary should have made irregular deposits on staggered days covering a significant period of time. Or better, yet she should convert her soon worthless cash to precious metals.

3. A married couple, Bill and Hillary, sell a vehicle for $12,000 in cash. To evade the CTR reporting requirement, Bill and Hillary structure their transactions using different accounts. Bill deposits $8,000 of that money into his and Hillary's joint account in the morning. Later that day,

Hillary deposits $1,500 into the joint account, then $2,500 into her sister's account, which is later transferred to Bill and Hillary's joint account at the same bank. Again, Bill and Hillary should have used multiple banks.

The aggregate total of the three transactions totals more than the $10,000 threshold, therefore, a SAR would be filed by the bank and you would be the subject of a federal investigation as all three of the above cases clearly violate the federal banking laws related to structuring. It is a federal crime to break up transactions into smaller amounts for the purpose of evading the CTR reporting requirement. In these instances, the bank is required to file a SAR which serves to notify the federal government of an individual's attempt to ***structure deposits or withdrawals*** *by circumventing the $10,000 reporting requirement.*

Structuring transactions to prevent a CTR from being reported can result in imprisonment for not more than five years and/or a fine of up to $250,000. If structuring involves more than $100,000 in a twelve month period or is performed while violating another law of the federal government, the penalty is doubled. This is what former Speaker of the House, Dennnis Hastert is facing.

Enforcement

Much like the enforcement of our tax laws, the federal government's enforcement of its banking laws as it relates to CTR's, SAR's and subsequent structuring is quite draconian. Civilian asset forfeiture laws come into play. The government can seize your bank accounts while it determines if a crime has been committed. The

government can literally seize your assets in perpetuity without an order of the court. Of course, you could try and sue but you will be up against the deep pockets of the federal government and the case could take years. By the time your case is decided, the financial banking crisis that you are so desperately trying to avoid by withdrawing your money, could be over. So, proceed with caution.

If you ever become the target of a federal investigation, do not, under any circumstances, allow yourself to be interviewed by federal officials without an attorney present and make sure you have the interview videotaped.

In many cases, people go to jail and pay huge fines, not because they have committed a federal crime, but because federal officials state that they have lied or misled them. And if you do not have an attorney present, it is your word versus the federal government. This is how the federal government sent Martha Stewart to prison and Hastert is facing similar charges.

What to Do

The best way to avoid getting your money caught in the bank in the midst of a bank run would be to not let the lion's share of your money ever cross the bank. Do not allow your employer to direct deposit your check to the bank. Keep some cash at home by taking out a large portion of the money you receive from your employer. Don't put cash in a safety box because the courts have also ruled that the banks own your safety boxes.

Use electronic transfers to buy into a mutual funds and also use checks to buy silver coins. Open multiple banking accounts ranging from the big five megabanks to your local credit unions. You could withdraw much smaller amounts until the sum total of your accounts is greatly diminished and is in your possession. Even though the banks "talk" to each other, if the withdrawals are irregular, it is hard to track and substantiate a pattern in court. To open the accounts, simply write a personal check from your home bank. Of course, in these cases, the bank could hold the check for 15-30 days.

Use checks and cash to pay all of your debts. You'll want to lower your debt load while unloading your soon to be worthless cash.

Prepay your taxes and some other obligations with checks. Make sure you only pay safe entities. Your local government is not going to disappear, even in a depression. Therefore, you can

prepay property taxes. Should you lose the ability to pay your property tax, the government will seize your property for nonpayment.

There will be a post-collapse America, therefore, **purchase gold and silver**. Gold and silver will be accepted mediums of exchange. Write checks to purchase gold and silver. However, collect the actual silver and gold because if you cannot touch it, you do not own it!

Find a safer bank than the mega banks. Use credit unions as they are one level removed from the Federal Reserve. .

Conclusion

I predict the Federal Reserve will steal your money by faking a cyber-attack In fact, last year, FEMA and DHS actually practiced for this event on October 23rd and 24th of 2013. **As I wrote on June 12**, the Federal Reserve, the FDIC and the Bank of London practiced for widespread banking failure on November 10, 2014. On November 16, 2014, the G20 nations declared your bank deposits to not be money. On August 8, 2012, the 7th Circuit Court of Appeals ruled that the banks own your money when you deposit your paycheck into the bank.

You may not be able to save everything, but rest assured, you can still save something to live on.

The time to have acted was yesterday.

I can anticipate what some of you are now thinking, because I have thought the same thing! If all of us attempt to take even just a portion out of the bank, the Federal Reserve and their servant, the federal government, will move to stop all cash withdrawals. Won't that kind of move serve to expose the criminality of the Federal Reserve and the federal government for all to see? Awareness is the first step to action and we have the ability to force several issues out on the open at this time.

[i] http://educate-yourself.org/ab/ …Al Bielek said he received information that up to **2 Million children** are missing each year. This corroborates with estimates made by Ted Gunderson and others that many children are being snatched by government agents and others (see "The Finders") for secret government uses in mind control programs, underground slave labor for aliens, satanic ritual abuse/murder, white slavery/prostitution, and other black op programs. One man who took the time to investigate, found that there is a total of **1.4 million children reported missing** in the United States; California alone had a total of 110,332 missing children.

In 1980, he became a defense investigator for Green Beret Doctor Jeffrey R. MacDonald, who had been convicted of the 1970 murders of his pregnant wife and two daughters. Gunderson obtained affidavits from Helena Stoeckley confessing to her involvement in the murders. He also investigated a child molestation trial in Manhattan Beach California. In a 1995 conference in Dallas, Gunderson warned about the supposed proliferation of secret Satanic groups, and the danger posed by the New World Order, an alleged shadow government that would be controlling the US government.[9] He also claimed that a "slave auction" in which children were sold to men in turbans had been held in Las Vegas, that four thousand ritual human sacrifices are performed in New York City every year, and that the 1995 bombing of the Alfred P. Murrah Federal Building in Oklahoma City was carried out by the US government.[9] Gunderson believed that in the US there is a secret widespread network of groups who kidnap children and infants, and subject them to Satanic ritual abuse and subsequent human sacrifice

A radiosonde whose position is tracked as it ascends to give wind speed and direction information is called a **rawinsonde** ("radar wind -sonde").
